REPORT

OF THE

POLICE COMMISSIONERS

OF THE CITY OF NASHUA, N. H.

1916

REPORT

OF THE

POLICE COMMISSIONERS

OF THE CITY OF NASHUA, N. H.

1916

To His Honor the Mayor and the Honorable Board of Aldermen of Nashua, N. H.

Gentlemen: Enclosed please find a detail report of the number of arrests, disposition of same, incidental services, etc., of the Police Department for the year 1916.

During the past year we have established the patrol wagon service which was made possible by your Honorable Board in giving us the necessary appropriation. We have increased the department and the service by the appointment of two patrol drivers and one inspector. The patrol wagon has proven a very valuable asset to the department and the efficiency of the service has been greatly increased.

The Commission deem it advisable to further increase the efficiency of the department by adding a low priced touring car to the police equipment, believing that in so doing the patrol wagon can be saved for much longer service and the cost of maintenance considerably reduced. The light car would be used in place of the patrol wagon in securing evidence, investigating cases and locating witnesses. It is also recommended that the Committee on lands and buildings be given a sufficient appropriation to enable them to install in the police station shower baths and more sanitary toilets.

Respectfully yours,

ROSCOE F. PROCTOR,

Chairman.

Oct. 17. 11.15 p. m. Still Alarm. Caused by a fire in building No. 96 Ledge St., owned by Cedas Lefebre. Insurance paid $137.00.

Oct. 18. 8.40 p. m. Still Alarm. Caused by a fire in chimney No. 106 Tolles St., owned by F. X. Tardiff. No damage.

Oct. 23. 3.30 a. m. Still Alarm. Caused by a fire in a building No. 21 to 30 Quincey St., owned by J. H. Tolles Co.

Oct. 23. 9.30 a. m. Still Alarm. Caused by a fire in building near the Bridge St crossing., owned by B. & M. R. R.

Oct. 24. 5.03 p. m. Box 32. Caused by a fire in building No. 88 Chandler St., owned by Geo. Hazelton.

Oct. 27. 4.05 p. m. Still Alarm. Caused by a fire in leaves front of first Church.

Oct. 28. 1.00 p. m. Still Alarm. Caused by a fire in building No. 48 Ash St., owned by Chris. Manlos. Insurance paid $5.

Oct. 30. 4.25 p. m. Still Alarm. Caused by a fire in chimney No. 57 Pine St., owned by J. Makranvich. No damage.

Oct. 31. 6.42 p. m. Still Alarm. Caused by a fire in chimney in building No. 8 Fairmount St. owned by Mrs. R. S. Patch.

Nov. 1. 10.10 p. m. Still Alarm. Caused by a fire in building No. 45 High St., owned by Mike Krugas. Next Alarm.

Nov. 1. 10.11 p. m. Box 8. Same as above. Insurance paid $1,000.00.

Nov. 3. 12.00 p. m. Still Alarm. Caused by a fire in grass on land near Arlington St., owned by M. L. Truell.

Nov. 5. 3.55 p. m. Still Alarm. Caused by a fire in chimney No. 131 Lake St., owned by F. E. Adams. No damage.

Nov. 6. 6.12 p. m. Still Alarm. Caused by a fire in chimney No. 4 Gorman Ave., owned by G. M. Haskins.

Nov. 7. 1.20 a. m. Still Alarm. Caused by a fire in building No. 22 Washington St., owned by the Dr. Greeley heirs. Insurance paid.

Nov. 10. 5.56 p. m. Box 74. Caused by a fire in building No. 161 W. Pearl St., owned by James L. Shea. Insurance 1,396.68.

Oct. 13. 7.50 p. m. Still Alarm. Caused by a fire in dump owned by City.

Oct. 15. 11.55 a. m. Still Alarm. Caused by a fire in building No. 100 Main St., owned by F. E. Nelson. Insurance paid $94.00.

Nov. 15. 1.10 p. m. Still Alarm. Caused by a fire No. 39 Williams St., owned by C. A. Recor.

Nov. 15. 6.17 p. m. Still Alarm. Caused by a fire in chim-

ney in building No. 91 Chandler St., owned by Henry Guertin.

Nov. 21. 9.09 a. m. Box 52. Caused by a fire in chimney in building No. 20 Tyler St., owned by Mrs. M. Morin.

Nov. 21. 1.27 p. m. Still Alarm. Caused by a fire in building No. 115 E. Hollis St., owned by F. A. Brown. Insurance $35.

Nov. 22. 11.40 a. m. Still Alarm. Caused by a fire in grass on line of B. & M. R. R.

Nov. 25. 2.15 p. m. Still Alarm. Caused by a fire in brush on Burke St., owned by Wonalancet Co.

Nov. 25. 9.05 p. m. Still Alarm. Caused by a fire in dump owned by city.

Nov. 26. 1.05 p. m. Still Alarm. Caused by fire in grass on line of B. & M. R. R., owned by City.

Nov. 26. 1.05 p. m. Still Alarm. Caused by fire in grass on Concord St., owned by H. Davis.

Nov. 28. 12.13 p. m. Box 113. Caused by fire in building 33 Main St., owned by M. H. O'Grady & W. A. Shedd. Insurance paid $610.00.

Nov. 28. 12.55 p. m. Still Alarm. Caused by a fire in building No. 33 Main St., owned by O'Grady & Shedd.

Nov. 28. 4.40 p. m. Still Alarm. Caused by a fire in grass near Hudson Bridge owned by H. E. Dow.

Dec. 1. 11.40 a. m. Still Alarm. Caused by a fire in chimney in building No. 4 Cottage St., owned by C. W. Badger Est.

Dec. 4. 6.40 p. m. Still Alarm. Caused by fire in chimney in building No. 75 Concord St., owned by G. B. French.

Dec. 6. 8.50 p. m. Box 64. Caused by a fire in a building No. 315 Main St., owned by E. W. Labombarde.
Insurance paid $125.40.

Dec. 6. 10.40 a. m. Still Alarm. Caused by a chimney fire in building No. 4 Lock St., owned by Mrs. C. A. Baker.

Dec. 6. 12.50 p. m. Still Alarm. Caused by a fire in a chimney in building No. 34 Crown St., owned by J. H. Cone.

Dec. 8. 11.10 a. m. Still Alarm. Caused by a fire in building No 38 Tolles St., owned by Mrs. L. M. Marden. Next alarm.

Dec. 8. 11.12 a. m. Box 34. Caused by a fire in a building

No. 38 Tolles St., owned by M. Marden. Insurance paid $10.00.

Dec. 9. 4.35 p. m. Still Alarm. Caused by a fire in building No. 38 Tolles St., owned by L. M. Marden.

Dec. 9. 6.25 p. m. Still Alarm. Caused by a fire No. 38 Tolles St., owned by Mrs. L. M. Marden.

Dec. 14. 10.30 p. m. Still Alarm. Caused by a fire in building No. 146 Kinsley St., owned by E. A. Chagnon.

Dec. 14. 6.47 p. m. Still Alarm. Caused by a fire in building No. 16 W. Hollis St., owned by F. E. Subuger. Insurance paid $18.00.

Dec. 16. 6.45 a. m. Still Alarm. Caused by a fire in a building No. 52 Ledge St., owned by C. Rochou.

Dec. 18. 11.15 p. m. Still Alarm. Caused by a fire in chimney in building No. 17 Hobbs Ave., owned by T. F. Keegan.

Dec. 20. 4.50 p. m. Still Alarm. Caused by a fire in a building No. 25 Hunt St., owned by S. Robbins.

Dec. 21. 6.00 p. m. Still Alarm. Caused by a fire in chimney fire in building No. 141 Tolles St., owned by E. Thereault.

Dec. 22. 9.00 p. m. Still Alarm. Caused by a fire in a building No. 65 Main St., owned by J. S. Willens. Insurance paid $18.96.

Dec. 23. 12.31 p. m. Box 42 Caused by a fire in building No. 35 Crown St., owned by B. L. Chandler. Insurance paid $10.00.

Dec. 29. 7.58 p. m. Still Alarm. Caused by a fire in a building No. 99 Lock St., owned by E. A. Rice. No damage.

Dec. 29. 9.55 p. m. Still Alarm. Caused by a fire in a chimney in building No. 14 High St., owned by D. Shea.

Dec. 30. 7.45 a. m. Still Alarm. Caused by a fire in building No. 18 Broad St., owned by W. B. Wellman.

Dec. 30. 9.30 p. m. Still Alarm. Caused by a fire in chimney in building No. 25 Harvard St., owned by H. J. Ober.

Dec. 31. 5.21 p. m. Still Alarm. Caused by a fire in a building No. 33 Bridge St., owned by Geo. Baraby.

Dec. 31. 10.05 p. m. Still Alarm. Caused by a chimney fire in building on Mechanics Court. Good Will. No damage.

Dec. 31. 10.47 p. m. Still Alarm. Caused by a chimney fire in building No. 12 Prescott St., owned by E. A. Blood. No damage.

Fire Alarm Telegraph

This branch of service is now in good condition except the placing of wires in ducts located by N. E. T. & T. Co., in place of overhead wires, which work is progressing as fast as ducts are laid.

Instructions to Key Holders and Citizens

1. Upon the discovery of a fire, go to the nearest box, break glass in key box, place key in lock, turn. And hold back with key as it is a spring lock. Pull down the hook as far as it will go; shut door. Do not try to remove key, as it is locked in, and can be removed by some one in authority.

2. All persons should remain near box so as to direct the Firemen to the fire.

3. No person should give an alarm for the same fire after the first alarm has been given without an order from the Engineer or officer or commissioners in command. And the person so ordered shall be sure to go to the same box from which the first alarm was given and report to Officer who issued the order.

4. Never signal for a fire seen at a distance; never touch a box except to give an alarm of fire. Do not give an alarm for a chimney or grass fire. But notify Central or nearest fire station by telephone.

Apparatus and Hose

The apparatus consists of four Amoskeag Steam Fire Engines, one horse-reel, four two horses hose wagons, four supply wagons, one hook and ladder truck, one combination hook and ladder truck. One motor chemical, one motor Squad wagon. We have at present about 10,500 feet of fabric hose in good condition.

Estimated Value of Property

Steamer No. 1	$3,000.00
Steamer No. 2	3,000.00
Steamer No. 3	3,000.00
Steamer No. 4	4,250.00
Combination Hook and Ladder No. 2	2,100.00
Hook and Ladder No. 1	1,900.00
Motor Chemical No. 1	5,400.00
Motor Squad wagon	2,500.00
Hose wagon, Engine No. 1	400.00
Hose wagon, Engine No. 2	425.00
Hose wagon, Engine No. 3	400.00

REPORT

OF THE

PARK COMMISSION

for the year

1916

REPORT

OF THE

PARK COMMISSIONERS

To His Honor the Mayor and Board of Aldermen:

The Park Commission submit their annual report for the year ending December 31st, 1916.

Greeley Park

The Greeley Park has had its usual care. The presence of a caretaker continues to be appreciated by the many Mothers and their children who are privileged to visit this part of our Park System. The transplanting of trees from the nursery to different parts of the park has been carried on during the year. The result of this transplanting is apparent as one visits the park. The arrangement and care of the flower beds in front of the Rest House continues to be an attraction to all, especially to those who are passing through our city. This has been made possible by the generosity of Mrs. John E. Cotton who has assumed the expense in beautifying this portion of the park.

The Parkway has been resurfaced during the year and is now in fine condition to withstand the wear and tare of automobiles passing through the park.

A ten ton boulder, suitably marked, has been placed on the mound in the old burrial ground by Mr. Ira F. Harris, thus marking the last resting place of some of Nashua's earliest settlers.

A new departure has been tried this year, namely that of having Band Concerts Sunday afternoon at the par.t The fact that

hundreds of people came to enjoy the afternoon, and the marked absence of disorderly conduct proves to the Commission that no mistake has been made.

The upkeep of the park becomes more expensive each year thus hampering our desire to make improvements through out the Park System.

South Common

For the first time in years the Commissioners have been able to have the entire common raked and cleared of the stones and rubbish which has collected in years past. This has been a marked improvement and we hope to be able to do the same this year.

The ball diamond has been cared for and encouragement has been given to the playground movement that was enjoyed by so many of the children last summer.

The Commission feel sorry to have to report the continuance of attempting to distroy trees and the drinking fountain. Three times during the year the drinking fountain has been put out of commission. It has been repaired each time with much expense.

North Common

The grading and completion of the walk has been accomplished during the year. An experiment to flood the old Artilary pond by lowering the gate at the outlet has been tried and has proven that with little expense in the cost of adding surface water a good skating place may be had. The Commission do not feel that they can spare any of their appropriation at the present time for this new work. The transplanting of trees to some parts of the common has been accomplished.

Abbott Square

A new granolithic walk, with a twelve inch cinder foundation, has been placed around the square, which is an added improve-

ment and one which will last for many years. The cannon and carriages have been repainted. A flower bed has been placed at the base of the monument which has received much favorable comment. As far as we know the flowers have not been molested.

Other Squares

The seven smaller plots of land given to the care of the Park Commission have received their usual care. The new plot at the junction of Allds and Fifield Streets, on which has been placed the Hannah Dustin monument, has been graded for the first time.

Moth Work

The moth work continues to be a question, especially the gypsy moth. We feel that we have this work in check as far as the city trees are concerned. However the fight must be kept up until it is a thing of the past.

Playgrounds

Playgrounds are a coming addition to the Park System as it is in many of the other progressive cities. How to make a start with our limited means is a question which has yet to be solved by the Commission. If appropriations are to be made for playground work upon our commons and parks we would suggest that they be placed in the hands of the Park Commission as we are put to additional expense by the use of the grounds for this purpose. With such funds in our hands part of the care and expense will not be duplicated.

We herewith fulfil the sad duty of recording the death of our General Superintendent, Robertson Kirkpatrick, who died Dec. 20, 1916. The deceased has worked with us ever since the Commission was chartered with untiring efforts and the most faithful

devotion to his duties for the interest of our parks. We not only lose in him a most competent co-worker, but also a very dear friend, who, through his capabilities and excellent personal qualities, has had our entire confidence and highest esteem. We will always honor his memory.

JASON E. TOLLES,
Park Commission.

CITY OF NASHUA

Report of the Board of Health to-gether with reports of the Health Officer and Milk Inspector for the year 1916

ANNUAL REPORT

OF THE

BOARD OF HEALTH

To His Honor the Mayor and Board of Aldermen:

Gentlemen: We herewith submit our report of the work of the Board of Health for the year 1916. The office of the Board has been maintained in the Chairman's office, and as our work has out-grown our present arrangements we respectfully ask that the City arrange to equip and maintain an office for our work in one of the Municipal Buildings. As heretofore the meetings of the board are held at the office of the Chairman on the second and last Fridays of each month. At our February meeting Miss Mabel A. Thompson was reelected clerk, Mr. Frank B. Shea, Health Inspector, Mr. Willis L. Fuller, Garbage Collector and Mr. Eaton Pope to take charge of the removal of diseased and dead animals.

In the Spring of 1916, the Health Inspector with the assistance of two other men employed by the Board canvassed the City explaining health laws to the inhabitants relative to garbage, rubbish, the keeping of pigs and manure. In this way we hoped to prevail upon our citizens for cleaner conditions in our City.

Our Milk Laboratory in the City Hall is now fully equipped and at the present time chemical examination of milk and bacterial counts of milk are being done.

Lodging House inspection were taken up in detail and we trust that in the near future some city or state law will be enacted which will give us the right to inspect lodging houses. Factory inspection during the year was taken up and at present writing three of our largest factories have equipped and maintain small

emergency hospitals in charge of a trained nurse. We wish to thank the superintendents of our two largest shoe factories for the courtesy and cooperation shown to the Board during their inspection.

A State Factory Inspection Law under State supervision is contemplated and I am of the opinion that this matter will be taken care of in the future by the State.

The restaurants of our City were inspected and scored, five were compelled to make radical changes from the conduct of their business before being allowed to continue business. The markets and grocery stores were inspected regularly and in some cases we were compelled to prosecute for violation of the sanitary food law.

We trust that your Honorable Board will take advantage of the legislative act which gives you the right to establish precincts for the collection of garbage in our city. In doing so the collection and disposal of garbage will be much more simplified and sanitary.

A State Law which is adopted by our Board of Education would inaugurate medical inspections in the private schools of our city would be of great assistance in helping to eradicate communicable and contagious diseases in our private schools.

We are unfortunate in having in our city a great many tenements where unsanitary conditions are extremely bad. In some cases utter disregard is shown in the matter of sinks and water closets, both by occupants and owners, this shows the great need of a competent Plumbing Inspector in our city. I trust that something will be done by your Board along these lines.

Contagious Diseases

During the year there were 45 cases of Measles, 29 cases of Scarlet Fever, 37 cases of Diphtheria, 3 cases of Ophthalmia Neonatorum, 1 Pioliomyelitis, and 38 Whooping Coughs. As one of the most important functions of a Board of Health is in the control of preventable diseases, it would be well to place our

Board in a financial position to establish a department for the control and study of preventable diseases, in which we may by morbidity reports, epidemilogic study and corrective sanitation produce results. Without these measures our work is handicapped and we are groping in the dark. Our City has no modern means whatever to care for contagious diseaes. We have no Isolation Hospital, neither of our city hospitals will accept contagious cases, none of the visiting nurses are allowed to care for contagious diseases and all we can do is depend on quarantine of premises, which would require in many instances constant surveillance of premises to enforce quarantine. We, as a Board, are charged and held strictly accountable for Contagious Diseases, and you gentlemen, as a Board, should see that we are in a position to uphold that trust. Funds usually appropriated for health work are so limited that it taxes our wisdon and discretion to expend them to the greatest advantage.

The whole number of deaths reported during the year was 411, the ratios being 14 deaths per thousand people, and the general death rate being 1 1-3%. Total number of deaths of infants under one year of age was 106. Our infant mortality rate shows a slight decrease over 1915. Our general death rate shows a decrease of 1-3 of 1% over 1915.

REPORT OF MILK INSPECTOR

To the Board of Health, City of Nashua:

Gentlemen: I submit herewith the following report as Milk Inspector for the year 1916-1917, ending March 1, 1917.

More time as you already know has been devoted to the inspection of milk and the scoring of dairy farms, and the improvements that have been accomplished along these lines has been gratifying and progressive, and I still look for further improvements in the milk supply of our city after the present session of the legislature passes the bill, which provides that milk must not exceed over 500,000 bacteria per cubic centimeter.

In the Laboratory at the City Hall where all milk analysis are carried on, the laboratory is now fitted with a microscope, incubator, and bacteria counting apparatus which have been added to the Laboratory during the past year, and we are now ready to carry on work which the Board intended it should do a year or more ago, but it has taken time and money, and the laboratory has now a complete equipment, which will put it in standing with any laboratory of its size.

We have in our City four dealers retailing Inspected Milk and one dealer retailing Pasturized Milk.

The regulation of establishing bottled milk in stores is still in effect, and I have had very little trouble in the past year with enforcing this rule as I had at oft times when it first went into effect.

The following is a report of milk samples collected and analyzed during the past year of 1916-1917, ending March 1, 1917.

Inspected milk samples forwarded to State Laboratory	54
Samples of milk and cream analyzed	293
Samples of milk brought in by citizens	2
Samples of Mother's milk analyzed for Doctors	6
Samples of milk collected by inspector	285

Wagons found with milk uncovered and bottles exposed to sun and dirt	2
Milk samples found below standard	2
Number dealers found filling bottles on the street	1
Number samples examined for bacteria	12

All samples were analyzed for formalhyde and additional analysis are made Colostroum Milk Cells, coloring matter, benzoate soda, boric acid, cream thickness, added water, butter fat, solids not fat, and total solids.

Total number of milk licenses issued during the year		122
Number of paid licenses	116	
Number of licenses granted free gratis	6	
	122	

Money collected and turned over to City Treasurer for milk licenses, $232.00.

Dairy Farm Inspections

Total number of farms sending milk into Nashua	176
Total number of farms scored and inspected	152
Total number of dairy barns ordered whitewashed	21
Total number of barns where cattle were found dirty	19
Total number of dairy barns where orders were given for repairs such as floors, more window light and ventilation	8

Respectfully submitted,

Frank B. Shea,

Milk Inspector.

REPORT OF HEALTH OFFICER

To the Board of Health, City of Nashua:

Gentlemen: I herewith submit the following report as Health Officer for the year 1916-1917, ending March 1st, 1917.

The system of Inspections of all Food Establishments have been carried out to the extent of a score card system, whereas all said Establishments have been inspected according to cleanliness, construction, methods, etc., with very good results.

A close surveillance has been kept over the Markets and other Establishments, in order to enforce the Pure Food Law of the State, requiring that all foods which are to be eaten in their present state of condition should be protected from dust and dirt as well as flies. The Vegetables which are exempt from such are those which have to be readily washed and peeled before eating, feeling that they were comparatively unimportant, and that we could easily enforce the observance of the law in regard to the more important foods by this proceedure. I am pleased to see that these rules and regulations have been put into practice by the majority of dealers without any trouble, but there were dealers who kept putting it off from time to time, and at all times having an excuse which let him off for a short period, and if at the end of that time he did not live up to his agreement, I deemed it advisable to prosecute, and as a result twenty were prosecuted during the past year.

Following is a report of stores handling Food Products, number of stores 196, total number of inspections 542. Stores where orders were given for cleaning up and repairs 26.

Inspections were not so frequent this year as last, on account of the store keepers being more familiar with the food laws, which was for their best benefit.

Lunch Rooms, Cafes, Boarding Houses and Coffee Houses.

Total	125
Number Inspections	193
Orders given to clean up and make repairs	10
Condemned	1

Barber Shops

Total Number	40
Inspections	94
Instruments seized	4
Cosmetic and Caustic Sticks seized	42

Baker Shops

Total Number	18
Inspections	68
Number of orders to clean up and repair	18

During the past year considerable time has been spent with the aid of a representative of the State Board of Health, not only in the Inspections of Baker Shops, but outside the Baker shops in regard to the wrapping and the stamping of the weight upon each and every loaf of bread sold, which brought forth a number of prosecutions.

Ice

All Ice used in the City of Nashua has been analyzed as it was last year, also all the ice that is put into the cars at railroad stations, for the use on trains has been analyzed as is required by United States Government. Total number of samples analyzed 8.

Water

The Water used in the City of Nashua has also been analyzed and little can be said here only to assure you that the people of the City of Nashua are fortunate in having at their command such excellent water for their use.

Foods

From time to time various articles of Foods and Drugs as they appear on the market are forwarded to the State Laboratory for analysis, such as the following:

Grape Fruits analyzed for maturity.

Aspirin a drug for its originality.

Toilet preparations for injurious constituents.

Cider for preservatives.

Flavoring extracts for misbranding, and misrepresentation of the product.

Ginger Ale for misbranding and misrepresentation, and constituents.

Investigations

The last report told of investigations that had been carried on of Ice and Bob—veal and as far as the Ice is concerned that is now properly taken care of and as for the slaughtering of bob-veal, that is eliminated as far as we know, but as yet no central slaughter house has been established as was recommended in the last report.

Lying in Hospitals and Infants' Asylums

Total number Lying-In Hospitals.....	3
Total number Infants' Asylums.....	2

Factories

All factories have been inspected in the past year with the aid of the Chairman of the Board of Health and we were glad to see the improvements that some of the corporations are making along the lines of sanitation and for the provision for the care of the help.

Complaints

Complaints have been handled within the past year, with the aid of the card system and the Board of Health has already seen results of "Clean-up Week", which was conducted last spring, on account of the decrease of complaints in regards to dirty yards, alley ways, etc., and I hope that at the end of the present year that we will see another decrease along the same lines.

Fumigations

All fumigations are done by the Board of Health, free of charge, in all contagious and infectious diseases.

Contagious Diseases and Quarantine

Under the state of affairs quarantine rules and regulations are difficult to enforce at the home. In the majority of cases quarantine cannot be enforced. On the beginning of my duties as Health Officer for the Nashua Board of Health, Dr. P. J. McLaughlin, Chairman of the Board of Health, impressed upon my mind the necessity of imposing strict quarantine in cases of Diphtheria, Scarlet Fever, etc., and today, when we have such cases existing, a great deal of time is devoted to imposing and enforcing strict quarantine. The results of these actions are shown in the decreasing number of contagious diseases. When an Isolation Hospital is established and in operation, quarantine will be lighter; the number of cases to be quarantined at home will be fewer, and quarantining of homes will be less and inexpensive. With the establishment of an Isolation Hospital, which will be of distinctive service to the community and those who are at least unable to bear quarantine expenses at home.

Dr. P. J. McLaughlin, Chairman of the Nashua Board of Health and myself, have made a thorough examination of all children in the Parochoial Schools of the City, twice during the past year, and at various times when a contagious disease existed in any of the Parochial Schools. The children of the parochial

schools were also vaccinated last year in accordance with the State Law.

Nuisances

Maximum consideration is given to all nuisances which are worthy of attention, and the use of reason must apply in the distinction between what is a nuisance and what is not a nuisance. A line must be drawn somewhere, and I have refrained from involving myself in family disputes under the guise of abating nuisances. The Board welcomes all legitimate complaints and nuisances.

Garbage, Ashes, House Dirt and Rubbish

The collection of the Garbage of the City is not done to the satisfaction the Board of Health at times. Many of the nuisances that are complained of are directly due sometimes to the imperfect and in-frequent collections of garbage and rubbish. The collection of the city garbage is let by contract and is in charge of the Board of Health.

The Board of Public Works, through it's Street Commissioner is responsible for the collection of the rest of the city waste, ashes, house dirt, rubbish, non-combustible and combustible, "when so placed in boxes and barrels as to be easily removed." The Board of Health requires that every house must be provided with a suitable water tight and covered receptacle to keep their garbage and swill until the same is removed by garbage men. The swill and garbage are collected at least twice a week, and oftener in some cases, swill must be kept free from other forms of waste and rubbish.

The City cannot be kept respectibly clean until provision is made for a more frequent collection of the great amount of waste other than swill and the weekly rubbish. Broken glass, sheels, metals, old mattresses, sawdust, paper, bottles, rags, tin cans, and scraps of leather etc., may be scattered about the streets, back yards and vacant lots throughout our city.

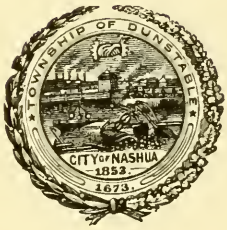
Respectfully submitted,

FRANK B. SHEA,

Health Officer.

REPORT

OF THE



Overseer of the Poor

for the year

1916

Report of Overseer of the Poor

To the Honorable Mayor and Board of Aldermen:

I submit the following as the report of the Overseer of the Poor Department for the year 1916.

One hundred and fifteen applications for relief were received during the year. Upon investigation a majority of these were found to be County cases. Relief has been extended to all worthy poor after a thorough examination of the specific cases. Medical treatment has been given by the City Physician who has been always ready and willing to co-operate.

An appropriation of Four thousand dollars ($4,000) was made this Department which has been expended as follows:

Groceries and Meats	$1,544.69
Board and Care in Institutions	944.48
Board and Care in private homes	665.00
Rent	549.50
Coal and Wood	157.40
Burials	120.00
Miscellaneous	10.83
Shoes	6.85
Total expenditure	$3,998.75
Unexpended	1.25
	$4,000.00

I would respectfully recommend an appropriation of $4,500.00 for the year 1917 as the various institutions have raised their rates 50 cents a week.

Respectfully submitted,

ARTHUR L. CYR,

Overseer of the Poor

REPORT OF

BOARD of EDUCATION

CITY OF NASHUA

1916

BOARD of EDUCATION

Clerk's Office, January 26, 1917.

At a regular meeting of the Board of Education held January 26, 1917, the reports of the Superintendent of Schools, Principal of the High School, Principal of the Evening School, Director of Music, Manual Training, Drawing, Domestic Science, and the School Nurse, were read and accepted. It was voted to print five hundred copies of the same.

TRUANT OFFICER

Henry B. McCaffrey,	99 Elm St., Municipal Bldg.

REPORT OF SUPERINTENDENT

To the Board of Education of Nashua:

Your superintendent, in accordance with the rules, herewith submits his twenty-fourth report, the fiftieth of its series.

Military Training. I called attention in my report last year to the need of military instruction in the public schools. The terrible conflict which is at present devastating the leading nations of the world presents an argument which no theory of universal peace, however skillfully conceived, is able to refute. It may seem a matter of little moment as to whether the school authorities in Nashua do or do not advocate military training yet it is evident that its endorsement as a principle is in reality the vital issue of the hour, the question of paramount importance. In the final analysis the training of the youth of this country must fall back upon and become incorporated with the public schools of the commonwealth. If every "Middlesex village and farm" could be imbued with the spirit of our revolutionary forefathers when each able-bodied man and youth was obliged under penalty of the law to keep a pound of powder and a store of flints and bullets against possible invasion of an enemy, then the need of argument on this question would cease at once. I believe we are not performing our full duty toward the American citizens of the next generation unless we teach them the most modern methods of defending themselves and their country.

Junior High School. The transition from the work of the eighth and ninth grades to that of the Junior High was made so smoothly and with such apparent ease that one is apt to overlook the careful planning and preparation necessary for the successful carrying out of this important step. I would like to make especial acknowledgement of my indebtedness to not only the corps of teachers, who at considerable sacrifice of both time and money, attended the summer school at Columbia University, but to the principal, William H. Martin, under whose

leadership the Junior High School was turned from a theory into a practical working machine.

In the departments of domestic science and manual training, which are so closely connected with this school, I should like to mention the excellent work of our supervisors, Miss Pillsbury and Mr. Beck, in organizing and planning these most intricate departments which demand the highest grade of skill for their successful establishment. I have been assured by competent critics that, considering its cost and size, no better planned or better arranged mechanic arts building can be found in New England. In many cases original devices were employed which place this department on a unique basis.

New Buildings. Although the establishment of the Junior High School has temporarily relieved the pressure for more room in the Mount Pleasant district, yet it is only a question of a few years when greater facilities will be needed. The main objection however, to the old building still remains, namely, the poor light and the inadequate ventilation. I believe that something should be done at once to remedy these conditions. As I have said before in my reports, if this building were across the line in Massachusetts it would be condemned at once because of the lack of the requirements at present considered fundamental in modern school structures. I would call attention also to the need on the north side of the river of some assembly hall where the parents and citizens could gather for the consideration of public matters as well as for social entertainment.

We were able to relieve the room in the corridor of the Palm Street school by removing a class to the Spring Street building where the congestion had been temporarily relieved through the erection of the new building on Quincy Street. This relief, however, is only temporary and the need still exists for a two room annex on the building at Palm Street. The kindergarten, also, which now occupies a room entirely unsuited for its needs on Ash Street could be accommodated in this Palm Street annex if it were built, thus saving the city a yearly rental of $210.

Evening Schools. The Evening School Committee, after

mature deliberation, decided to open the evening schools at the commencement of the winter term and to continue them five nights in a week for twelve weeks. So far the results would appear to show that the change will work for the betterment of the school. Unusual interest has been shown in this department of Nashua's educational interest, as over four hundred pupils have been enrolled, which is the largest in the history of the school.

The corps of teachers in charge of the evening schools are enthusiastic in their work and have been thoroughly trained for the special courses necessary to successfully carry out this line of education.

It is perfectly evident that pupils attend the evening schools not because they are obliged to but simply because they are able to acquire training along the lines that are of use to them in their daily work. It has been proven through years of experience that no evening school can exist for any length of time unless the pupils are satisfied with both the teacher and the subject matter taught. It has been the aim, therefore, to furnish the pupils who attend evening school with the kind of training which they themselves demand and not to attempt, except in a very general way, to lead them toward any cut and dried course of study. By this means we have been able to hold our pupils and in a real sense to help them toward better and higher ideals of citizenship. In another section will be found a report made by Principal William H. Martin, giving in detail the courses which we have found most helpful for our evening school classes.

Parent-Teachers Associations. I should like to call your attention to the excellent results which have been accomplished by some of our teachers and principals in establishing parent-teachers' associations. The enthusiasm with which the parents have responded to the efforts of the teachers has been most gratifying. The meetings have always been well attended and the friendly relations thus shown between home and school have been most satisfactory. I cannot forbear to mention the way in which the non-English speaking fathers and mothers have

responded to this idea. In some cases the school rooms have been filled to overflowing with parents who could converse with the teacher only through an interpreter. They have evinced the greatest interest in all of the school affairs and have expressed themselves as extremely grateful for this opportunity to meet and become acquainted with the teachers. It pleases me to report that during the ensuing year many other schools are planning to carry on and enlarge this idea of the parent-teachers' association.

Dental Clinic. In my report last year I urged the need of a dental clinic for the school children of Nashua. After a careful canvass of all the dentists in town through a personal interview, I found that they were united in their advocacy of this idea. They were not only in favor of the scheme but willing to do all in their power to assist. This question came to an issue through an offer of the Woman's Club to give a certain amount of money toward the equipment of a dental office. I believe that before the next budget is made up the few hundred dollars necessary to complete the equipment should be requested from the city government. The dentists of Nashua have signified their willingless to assist in the work without remuneration and at a good deal of personal sacrifice. While the plan must, of course, be looked upon as temporary, for we could not expect the dentists to continue their liberality indefinitely, yet I believe that some means would be found for its continuance, not necessarily, indeed, through public funds, as wealthy individuals of our town are becoming more and more liberal in their donations toward charitable objects of this kind.

Subnormal Children. From carefully compiled statistics it has been proven that about one per cent. of the school population is defective or subnormal. After a thorough examination of all the pupils in the Nashua schools, up to and including the third grade, by the so-called Binet test, I was able to find twenty whom I should classify as distinctly in the class of feeble-minded. or subnormal children. Of course, the border line is very indistinct and there are many gradations between the normal and

subnormal, but I feel certain that if we could provide a school for twenty pupils where these children with crippled intellects could get the training which their mentality demands our problem could be solved.

Kindergartens. Through the liberality of the Nashua Manufacturing Company a kindergarten room was fitted up during the past summer at 49 High Street. The school is equipped with all modern conveniences and has an enrollment of forty-six children up to the present time. This district is now adequately provided with kindergarten facilities and another miniature factory has been established for the turning out of good citizens whose parents in many cases were unable to speak the English language. As I have said before I believe the kindergartens are a most efficient tool for the development of good and lasting citizenship.

Teachers' Salaries. The Board has taken a positive stand in regard to an increase of the teachers' salaries. When one considers the amount of training and skill necessary for successful teachers the salaries which they have been paid appear extremely meager. In no other line of work calling for the same amount of brains and training could you find the workers so poorly paid.

If the modern teacher were simply the machine which many persons believe her to be, the machine which arrives at the schoolhouse promptly at the appointed hour, who calls her classes with mathematical regularity, who crams their heads on the same principle as a sausage machine, who dismisses her school with alacrity upon the very second and who locks the door and departs on her pleasurable homeward way with no thought of the school grind again until the succeeding nine o'clock bell, then the present salaries might represent a fair return for this sort of perfunctory, overbearing, rod-ruling, domineering, pugilistic, teaching of fifty years ago. I assure you, however, that the teacher's world has changed; that this is no more a picture of the school teacher of today than Fulton's steamboat on the Hudson is a picture of the modern ocean liner.

The present day instructor looks upon the children in her charge as a sacred trust, to be so nurtured and developed that each little mind shall receive its own stimulus in order to develop the best, both mentally, morally, and physically, that lies within his capacity. The school teacher is no longer a machine for cramming empty heads but a conservatory for the culture of little minds and hearts. The children of today respond to this treatment just as flowers do under the hands of a skillful gardener. Your children no longer hate to go to school, hate their lessons, hate their teacher; in fact, the exact contrary, is the truth. But you must not think that this almost ideal camaraderie between teacher and pupil has been brought about without the utmost care, patience, and thought on the part of the teacher and the school officials. The child's welfare is carefully considered when he arrives at the schoolhouse, during the hours of study and recitation, during the recess, during the noon intermission, during the hours following the dismissal of school, during the painstaking correction of papers, and during the long evenings at home. Of the amount of work which the teacher expends on the preparation of lessons, on the planning of her program, on writing out exercises, calling upon parents, on study during the long summer months, on the reading of school journals, on the study books, devoted to the latest methods of teaching; only one who knows the teachers intimately can form any conception. To be sure the time in the printed manual indicates that thirty-six weeks is the extent of the school year but I know that so far as the teacher is concerned a full fifty-two weeks is the extent of her school year.

In concluding this report, I wish to express my appreciation of the loyal support accorded me by the corps of teachers and by the members of this Board of Education.

Respectfully submitted,

J. H. FASSETT.

REPORT OF THE PRINCIPAL OF THE HIGH SCHOOL

Mr. James H. Fassett, Superintendent of Schools:

Sir: I present the following report of the High School. Three teachers resigned at the end of last year. Miss Clara E. Upton who had taught thirty-four years in Nashua schools resigned from the High School staff while she was still able to do her work with unabated vigor. Miss Helen M. Stevens accepted a position in the High school at Somerville, Massachusetts, and Mr. George C. Leavitt engaged in newspaper work. Their places were filled by the return of Miss Anna F. Cross, after a year's leave of absence, and the coming of Miss Agnes J. Folsom and Miss Blanche I. Jouett.

The total registration of pupils for the term ending Dec. 15, 1916, was 466, which is exactly fifty more than it was the year before. The teaching staff was not enlarged, but I fully expect it will need to be increased next September. We have had somewhat more help from teachers of manual and household arts. Many of our divisions are unusually large this year. The increase in the number of typewriters accommodates more pupils at one time than ever before and we have had no class in astronomy and geology. In such ways as these we were able to arrange for the larger number without another teacher.

The number of tuition pupils this year is eighty, rather more than usual.

The following table shows the enrollment this year in each subject.

English Literature	463
English Composition, individual instruction	153
English Composition, class instruction	310
History	281
Latin	143
French	245

German	69
Algebra	175
Geometry	85
Trigonometry and Solid Geometry	12
Physics	44
Chemistry	73
Zoology and Botany	46
Stenography	36
Typewriting	79
Bookkeeping	62
Penmanship	56
Political Economy and Commercial Law	41
Commercial Arithmetic	50
Harmony and History of Music	11
Shopwork	57
Mechanical Drawing	65
Freehand Drawing	26
Household Arts	26

The work in manual arts and in household arts has been taken from the High School building and put into the new building on Quincy Street. I recommend that the work in household arts be continued, so as to make a full four years' course in the High school. Our accommodations are now better, our force for doing the teaching has increased, and the number of girls ready to go on with this kind of work is larger than it has been.

I am surprised each year at the excellent work done by those who present what is called the senior play. This year I was almost amazed at the performance, because the play, Pomander Walk, was difficult for amateurs yet it was given most successfully. The school orchestra furnished the music. The whole evening was a credit to the school. The net proceeds were $205.67.

The classification of the school shows the following grouping of pupils:

Graduate students	4

Not taking regular number of studies	3
In Latin courses	166
In General course	87
In Commercial course	122
In Industrial courses	84

I recommend that the exercise known as the baccalaureate sermon be discontinued by vote of the School Board. A considerable number of pupils do not attend and I find that in many cases girls think that another gown is called for because of this extra public appearance which comes the Sunday preceding graduation. This, of course, increases the expense which at the best is too great for some families concerned. To do away with baccalaureate is in line with the good idea of making High school graduation more simple.

Seventy-six pupils were graduated last June. Professor James L. McConaughy of Dartmouth College spoke at the graduating exercises.

The number of our graduates who entered higher institutions of learning this year with no preparation beyond that secured in this city is thirty-four. They are enrollled as follows:

Six in Lowell Normal
Three in Keene Normal
Eight in New Hampshire College
Three in Dartmouth
Two in Norwich
Five in Lowell Textile
One in Smith
One in Simmons
One in Worcester Polytechnic
One in Tufts Dental
One in Michigan
One in Georgetown Law
One in a School for Kindergartens.

I close this report with sincere thanks to all who have helped the school during the last year.

Respectfully submitted,
CHARLES H. NOYES.

REPORT OF THE PRINCIPAL OF THE EVENING SCHOOL

Mr. James H. Fassett, Superintendent of Schools:

Dear Sir:—In accordance with your request I hereby submit my annual report.

Evening School

William H. Martin, Principal.

Non-English Speaking Department.

Division A, Mrs. Josephine Morrison	29
Division B, Miss Harriett B. Moran	37
Division C, Miss Ella G. Valcour	39
Division D, Mrs. Helen E. Schlinck	32
Division E, Eugene M. Schlinck	28
Total	165

Fifteen returned for a second year's work.

Divisions A and B are composed of different nationalities, such as Greeks, Lithuanians, etc., who are just learning to read and to speak English. The method of instruction is as follows: First the classes are given a thorough drill upon the sounds of the different letters by means of the Phonetic chart, the Beacon Primer, and the word list. This is followed by the Beacon First Reader, and this by other simple readers. At the same time in connection with this drill, instruction is carried on in easy reading and conversation similar to the so-called direct method of teaching modern languages. Thus the class learns to pronounce the English words readily by means of the phonetic drills, and at the same time they learn to speak English, and understand what they read in English.

Division C is composed entirely of French speaking people. The method of instruction is similar to that used in A and B ex-

cept that the teacher uses her knowledge of French in making explanations to the class instead of being entirely dependent upon English as are the teachers in A and B.

Divisions D and E are under the control of the North American Civic League. They are composed entirely of Polish-speaking people. The methods of instruction is similar to that in Division C except that the phonetic drills are omitted.

Intermediate Department

Division A, Miss Anne D. Ashe	30
Six returned second year	
Division B, Mrs. Mary Woodbury	36
Twenty returned second year.	
Total	66

These two divisions are composed of different nationalities, all of whom can speak and understand English and can read and write simple English. The work of this department consists of instruction in Reading, Writing, Elementary Arithmetic, Spelling and Elemeatary Language.

Grammar School Department

Division A and B, Miss Ellen A. Herlihy	38
Thirteen returned second year.	
Division C, Miss Elizabeth Donahue	20
Six returned second year.	
Total	58

Division C consists of those who have satisfactorily completed the work of the Intermediate Department or its equivalent, Division B those who have done the same with the work

of Division C, and Division A the same with the work of Division B. In all three divisions instruction is given in Writing, Spelling, Language, Elementary Arithmetic and Reading, including American History and Government. At the end of the term an Evening Grammar School Diploma is awarded to those who have satisfactorily completed the work of Division A. Ten of those students in Division A last year have returned to do advanced work in the High School Department this year.

High School Department

Shorthand and Typewriting Division.

Frank R. Powers, Miss Grace E. Campbell 38

Three registered in another division.

Both class and individual instruction is given in these subjects. Certificates are given at the end of each year's work, stating the amount of work covered, and at the end of three years' work, if the entire course is satisfactorily completed, a final certificate or diploma is given. At the present time there are six doing second year work.

Bookkeeping Division

Mrs. Evelyn Nesmith 24

One registered in another division.

Individual instruction is given to all members of this division. Certificates are given at the end of each year's work, stating the amount of work covered, and at the end of three years' work, if the entire course is satisfactorily completed, a final certificate or diploma is given. At the present time there are two doing third-year work; six, second-year work; and sixteen, first-year work.

Academic Division

E. Everett Clark, Miss Helen Hallisey 26

Instruction is given in this division in English, Latin, French, American History and Government, Algebra, Geometry, and Arithmetic. The registration by classes is as follows:

Mr. Clark—English Ia 12, Latin 5, Civics 13.

Miss Hallisey—English Ib 8, French 9, Algebra 6.

Mr. Martin—Arithmetic 9, Algebra 1, Geometry 1.

Certificates are given at the end of the year in those subjects in which the work has been satisfactorily completed and the course ended.

Shop Work Division

Fred O. Fuller 28

Individual instruction is given in this division in the following subjects:

Machine Shop Practice.

Machine Shop Arithmetic.

Forging

Cabinet Making.

Pattern Making.

At the end of each year's work a certificate is given to each member of the division, stating the amount of work done by that member.

Mechanical Drawing Division

Ernest W. Beck 25

Individual instruction is given to all the members of this division in whatever phase of the subject they may be especially interested. Certificates are awarded at the end of each year's work, and final certificates or diplomas at the satisfactory completion of the course.

At the present time there are four doing third-year work; ten second-year work; and ten first-year work. There is one who is attending the third year but is doing second-year work, having come half time for two years.

Respectfully submitted,

WILIAM H. MARTIN.

REPORT OF THE DIRECTOR OF MUSIC

Mr. James H. Fassett, Superintendent of Schools:

Dear Sir: This the twentieth annual report of the present Director of Music is respectfully submitted, with an outline of the work accomplished during the past year. The last twelve months have seen considerable progress in all departments of the work, and particularly in the High School, and in the Junior High.

As has been the custom of the last fifteen years the High School Choral Class, two hundred voices, took part in the fifteenth annual music festival, given by the Nashua Oratorio Society, May 18 and 19, 1916, giving the opening concert of the festival, when the lyric cantata "The Four Winds", composed by Carl Busch, and the dramatic cantata, "Fair Ellen", by Max Bruch, were given with four soloists and the Boston Festival Orchestra and Miss Ruth E. Ashley, pianist. The soloists of the occasion were Miss Hazel Milliken of Boston, soprano; Miss Lusinn Barakian, of Worcester, contralto; Mr. James Harrod of New York, tenor; and Mr. John S. Codman of Boston, baritone. A large, representative and enthusiastic audience was in attendance.

This School has now in preparation the dramatic oratorio "The Seven Last Words of Christ", composed by Theo. Dubois, and some opera choruses. These will be given at the sixteenth annual music festival, at City Hall, May 10 and 11, when the soloists will be Miss Dorothy Frences Cook of Boston, mezzo-soprano; Mr. Lambert Murphy of New York, tenor; and Mr. Reinald Werrenrath of New York, baritone. The Boston Festival Orchestra will play, and Miss Ruth E. Ashley will be the pianist The Nashua High School holds the enviable title of being the only high school in the United States that has maintained really high class festival concerts for so long a period of years, where professionnal soloists and orchestra have been a part of the work.

At the opening of the Junior High School, in September, the new "Junior Song and Chorus Book," published in 1916, by Ginn & Company, was introduced, and this has been the most vital incentive for enthusiastic work the grammar grades has ever experienced. Much good is bound to come from the use of this splendid book.

In all the grades below the Junior High the work has been carried on with excellent results, including the fine singing of the Kindergartens. The singing period in all the grades is looked forward to by the pupils with keen delight, a condition which makes the study of music a pleasure rather than a task.

The High School Orchestra is doing artistic work, with faithful attendance at rehearsals and an ambition to study the best orchestra music. The orchestra at present is composed of six first violins, four second violins, one viola, one cello, one flute, one clarinet, two cornets, drums, and a pianist. This orchestra furnished music at the Senior Play with credit to each individual in the organization.

The Director of Music is duly grateful to you, Mr. Superintendent, and to the Board of Education, to the Music Committee, and to the teachers for the loyal support given to the department of music.

Sincerely yours,

EUSEBIUS G. HOOD,

Director of Music.

REPORT OF DIRECTOR OF MANUAL TRAINING

Mr. James H. Fassett, Superintendent of Schools:

Dear Sir: In compliance with the rules of the Board of Education, I submit my Seventh Annual Report.

There have been two changes in the teaching force this year, Mr. Lewis B. Eaton succeeding Mr. Palmer, who resigned after two years of successful service to accept a position in Springfield, Mass. Mr. Everett B. Russell was added to the faculty.

I am pleased to state that we are comfortably located in our new quarters at Quincy Street School. During the summer the high school equipment was transferred to the Quincy Street School with the exception of our forges, which were traded for a mortising machine.

The following additional equipment was purchased:

One upright drill (back geared).
One 14" 5' Flather engine lathe.
One Greeley Universal grinding machine.
16 cast iron bench legs for long work benches.
12 Sturtevant double down draft forges (with 6 electric blowers).
12 anvils and bases.
One 60" full housed exhaust fan.
18 cabinet style Sheldon work benches.
24 complete bench equipments.
One 10 Horse Power Motor 900 R. P. M. 550 Volts. 3 Phase.
One 10 Horse Power Motor 1800 R. P. M. 550 Volts. 3 Phase.
12 Mechanical Drawing Tables.
Steel Lockers.

And a miscellaneous collection of other small tools and equipment.

We were very fortunate in purchasing at an extremely low price a slightly used forge equipment from the Newton Vocational School.

The 7 1-2 H. P. motor and shafting used to drive the exhaust fan are the same that we removed from the High School shop. We are very fortunate to equip a forge shop so economically.

All the benches and equipment used in the High School shop are now in Room 5 being used by all 6th, 7th and 8th grade pupils.

Last May the annual exhibition of Industrial Work was held in the City Hall. It attracted more than the usual amount of attention and many remarked upon the advancement shown in the work. As there is a large amount of labor arranging this exhibition, I think it might be a good plan to hold future exhibitions in the Quincy Street School, having the shops open for inspection.

One interesting feature of the exhibit was the display of Bird Houses by Seventh Grade pupils under the instruction of Mr. Palmer, one hundred and eight bird houses being on exhibition. These were judged by a committee of five, composed of Mayor J. B. Crowley, Principal C. H. Noyes, Rev. Manley B. Townsend, Mr. Higbee and Mr. Palmer. Five prizes were awarded. All of these bird houses have been put up in the Woodlawn and Edgeville Cemeteries. The Ninth Grade pupils made several bird baths of cement.

This year a number of the Seventh and Eighth Grade boys are making miniature sail boats and motor boats, this work being done outside of regular school hours.

The exhibition of work of the Evening Students in Mechanical Drawing was held as usual in the store window of Howard Sexton Co., on Main Street.

One day last month the people of Nashua were given an opportunity to inspect the several departments in the Quincy Street School. The entire building was open all day; in the evening the boys were at work. This gave the visitors an idea of the working conditions in the different rooms.

Several reference books have been added to our present collection for use in the Quincy Street School.

The work of the several classes is being conducted as outlined in the previous reports with the exception of a few minor changes.

During the last seven months of school, the regular class work has suffered greatly on account of so much necessary work being done about the shops. Previous to the close of school last year the pupils took up all benches and machines; took down all shafting, shelves and partitions, fastened skids under all machines, boxed up all tools so that everything was ready to be moved this summer. When school opened in September there was an enormous amount of work to be done by both pupils and instructors. All this work prevented us from continuing with our regular courses, and in a few cases has been the cause of a little lost interest, but I feel that there is quite an educational value derived from a certain amount of this kind of practical work.

The following is a list of work that has been done by pupils and instructors of the Manual Arts Department:

Numbered all lockers in Grammar School shop.
Put shelving over blackboards.
Built small bookcase.
Set up blue print case.
Arranged tool closet for all tools.
Made several tools racks.
Made several platforms for pupils' use.
Made 75 sand papering blocks.
Painted unfinished parts of steel lockers.
Put up pipe rack for storing lumber.
Built two 10 ft. step ladders.
Sheathed wall and put up staining shelf
Trued up drawing board edges.
Put safety guard over band saw wheel.
Marked all electric fuses in fuse cabinets.
Put up six pipe racks for hand screws.

Put up three rocks for cabinet clamps.

Put up two large blue print cases for storing blue prints.

Made two cabinets for key boards.

Put locks on doors and private closet.

Covered over couplings and ends of shafts on under drive lathes

Stained and finished tool room shelving.

Put up a number of hooks, brackets and shelves in tool room for holding miscellaneous tools.

Put up several display cabinets, pictures and charts.

Set up several machines, putting on all pulleys and belts.

Built cabinet for storing machine parts.

Arranged partitions for instruments in drawing room.

Built racks for storing Mechanical Drawing Boards under four long tables.

Put up a blue print drying rack.

Cleaned up old shafting for future use.

Partitioned off High School bench drawer to hold all tools, putting locks on each drawer.

Built seven extra tool cabinets and fitted same with locks.

Put face plates on 60 vices.

Repaired broken drawers in drawing room.

Numbered all tools and instruments.

Arranged place for storing all general lathe tools.

Closed up opening over window in drawing room.

Built shelf for electric glue pot.

Placed bracket under each bench for oil stones.

Finished two Victrola cabinets and record cases for two of our Grammar Schools.

Two medicine cabinets finished for medical department.

Some physical apparatus made.

Repaired hand rail on top floor of High School.

Put up shelving in High School corridors.

Made one single iron table with two shelves for machine shop.

Made one pipe table with one shelf for tool room.

Two glueing horses to hold cabinet clamps.

Two picture frames.

Finished one large tool room cabinet containing 34 drawers and 1 cupboard.

Partitioned off drawers in tool cabinet in tool room.

Put up window strips for dark curtains in High School hall and old drawing room.

A great deal of repair work and odd jobs have also been finished about the shops.

The above work has consumed about 3,000 hours, which if figured at a reasonable rate per hour represents a saving to the city of several hundred dollars.

Trips through local factories have been planned with the idea of getting first-hand knowledge of factory methods.

Many students received employment during the summer as draftsmen, carpenters, machine hands, repair men in garages, etc. Last summer I was looking for a student to fill a certain vacancy in a shop and could not find any young men unemployed.

On January 2nd we took on a new line of work; namely, that of teaching Mechanical Drawing to the Ninth Grade pupils in the Junior High School. The five Ninth Grade classes each receive two 35-minute periods a week for fourteen weeks, the instruction being given in the afternoon in the High School drawing room.

The outline of work is as follows:

Horizontal and Vertical Lines, Lay-out of sheet.

Lettering.

Horizontal and Vertical Lines, Dash Lines, Selection of Views.

Inclined Lines, Foreshortening, Use of Triangles.

The Octagon and the Hexagon.

The Circle, Center Lines, Sections.

Tangents.

Working Drawings. Selection of Views. Determination of Scale. Arrangement of Views. Lines. Lining in. Selection of Dimensions. Placing of Dimensions. Figures. Views. Dimensioning Circles and Arcs.

At present the Junior High School course of study includes a

Latin and a Commercial Course, but no Industrial course. I would like to suggest the advisability of introducing an Industrial course be considered and at the same time, if the above is decided upon, a printing equipment should be installed. There is a splendid opportunity in teaching such a course to correlate English, Arithmetic, Geography and History.

Allow me to call your attention to the subject of printing in my report of last year, on page 24-25. I went into the question quite extensively. The same might be said this year about introducing printing in our curriculum.

The numerous and increasing ever number of specimens of students' handiwork in Nashua homes, pleasing alike to both parents and children are evidence of the profit and approval of Manual Training.

As there was no available space in the new building, the Spring Street shop remains the same and is now accommodating the special class in this building, during the first week of school this ungraded class painted the entire shop. They have made several things for use in the schools as well as things for themselves.

The following is a table showing the number of High School pupils taking Industrial work.

Freshmen Class in Mechanical Drawing	21
Freshmen Class in Shop Work	21
Sophomore Class in Mechanical Drawing	15
Sophomore Class in Shop Work	15
Junior Class in Mechanical Drawing	7
Junior Class in Shop Work	7
Senior Class in Mechanical Drawing	9
Senior Class in Shop Work	9
Extra Pupils in Mechanical Drawing	13
Extra Pupils in Shop Work	5
Total	122

The following table gives the number of pupils taking Manual Training in the 6th, 7th, 8th and 9th grades.

	Grade 6	Grade 7	Grade 8	Grade 9	Special Class	Total
Spring Street	15	20	..	..	30	65
	23	17	..	..	..	40
	..	24	..	..	..	24
Mt. Pleasant	24	11	..	..	..	35

Total	82	100	118	80	30	410

Evening School

The report of the Fifth Term of Mechanical Drawing in the Evening School which opened Jan. 2 is as follows:

Machinist and machinists' apprentices	12
Plumber and sheet metal worker	1
Shoe operators	2
Students	2
Carpenter	1
Mason	1
Printer	1
Electricians	2
Miscellaneous	5
Total	27

Ten of last year students returned for further instruction.

Last year eleven students received certificates for completion of their work.

This year the work is being given in the basement of the annex to the High School as the regular drawing room is too cold for comfort.

The basement shops in the Quincy Street School are being used for evening instruction thereby increasing the efficiency of the equipment as well as being an educational advantage to the men of Nashua who wish to avail themselves of this opportunity.

Conclusion

During the past six years I have asked each year for additional equipment for the various shops and drawing rooms. I am pleased to say at this time that our equipment is complete and with care should last us many years to come with but few slight additions. Several people have commented upon the excellent judgment shown in the purchasing of machines and furnishings. They have been purchased as economically as possible, after carefully looking into the matter thoroughly.

In closing I wish to thank you and all others who by their hearty support and co-operation have contributed towards the success of this department during the past year.

Respectfully submitted,

ERNEST W. BECK,
Director of Manual Arts.

REPORT OF DIRECTOR OF DRAWING

Mr. James H. Fassett, Superintendent of Schools,

Dear Sir:

In September of this year fifty pupils in the High School elected to study drawing or designing, and forty-seven have continued to come regularly to the classes. It would have been impossible to have taught that number last year in Room 15, shared as it was by the teachers of sewing and biology. By the removal of the sewing classes to the Junior High School and the experimental work in biology to the rooms formerly used by the manual training classes, Room 15 is left exclusively for my use. It is an excellent room for art work, as it is of a good size and has a north light. The new chairs and tables furnish it attractively. The shelves, closet, and cabinets which are in the room make it possible for me to use it for my supplies as well as for my class work.

During the autumn term, in the Junior High School, I have followed the plan of study as before outlined for the Eighth and Ninth Grades. I thought it best to put off such changes in the course of study as naturally follow the building up of a Junior High School, until things were a little more settled. The of teachers and the resulting rearrangement of supplies and drawing materials have made it hard to get the best results from these classes, but I feel confident that ultimately, the grouping of the Eighth and Ninth Grades in one building will result in an econony of time in instructing the teachers and supervising the classes, and an improvement in the quality of the pupils' work in drawing.

The general course of study is practically the same as that of last year, with the exception of a few slight changes which I have made in order to go without some supplies which have increased greatly in price. The firm of which we buy most of our supplies informs me that an increase of from twenty-five

to thirty per cent. will be necessary in my appropriation for next year if I am to carry on the work of the department as it has been carried on in the past. I ask for some instruction in this matter.

Respectfully submitted,

ELIZABETH L. BUCKINGHAM.

REPORT OF DIRECTOR OF DOMESTIC SCIENCE

Mr. James H. Fassett, Superintendent of Schools,

Dear Sir:

At the opening of school in September a number of changes in the work of the Household Arts Department were made possible by the new equipment in the Quincy Street School. With the present arrangement we plan to give in each grade the practical household tasks which are best suited to a girl of that age and which may be immediately put to use at home. In the Sixth Grade the work begins with sewing, where each girl makes a cooking apron with cap. As soon as these are finished the cooking lessons begin, consisting of simple desserts and supper dishes A few lessons are allowed for housekeeping, including bed making, daily care of bed room and dining room. The last of the year the sewing is taken up again and summer garments made. More advanced cooking is possible in the Seventh Grade with simple meals and table service. All the work in the Eighth Grade is now planned on a budget basis. With an imaginary family of stated nominal income definitely in mind they began by planning the furnishings of a home. The new dining room, bed room and teachers' room were ready to be put in order,and the the girls entered into the work with zest. The lessons included a study of the requirements of the rooms with relation to cost, selection of materials and furnishings and arrangement. Much sewing was necessary to supply curtains, hangings, pillows, bed and table linen, towels, covers, etc. After the rooms were in order lessons were given in daily and weekly cleaning and care of rooms and the girls proved to be quite efficient housekeepers. With the budget still in mind, the feeding of the family was next considered, planning such simple, nourishing meals as could be afforded on the income and then learning to prepare the meals. The Ninth Grade girls this year have had no previous cooking so

an effort has been made to put in as much cooking, table service, and meal preparation as possible. In the spring term the dresses will be made to wear at the closing exercises. In a recent circular letter sent out by the Bureau of Education from Washington the following was given as one answer to the question—What should an Eighth Grade girl know about home economics?

"A student finishing the Eighth Grade should know something of practical cooking; of the proper combination of food; something of the value of food to the body; how much food she needs a day in order to keep well; how to set the table nicely; to make a bed properly; to keep the pantry in order; to wash the dishes in the easiest and best way; to clean a room nicely; to make plain underwear, a simple hat and washable dress."

We feel that our girls will be able to measure up to this standard very well.

The High School classes have been carried on this year much the same as last—the first year devoted to sewing and textile study and the second to cooking and table service. The girls in the Sophomore class this year are unusually capable and this seems to be the time to extend the work to the third year, giving these girls an opportunity to go on with house planning and furnishiing, home decoration and sanitation. Then after another year offering a course in menu planning, considering relative food values, and advanced work in dressmaking and clothing to the Seniors in the course.

Under the direction of this department the girls in Miss Hill's special class have been spending every afternoon on practical household arts work. In all probability these girls will leave school at the end of this year. The sewing has included the making of a sufficient number and variety of garments to teach each girl how to make her own clothing independently, also mending, darning, patching, care of clothing with a generous amount of laundry work. The cooking is along the same practical line including study of meats, cooking cheaper cuts, soups and stews, meat substitutes, vegetables, bread making, pastry, desserts, cooking and serving meals. A few lessons are given to

general housekeeping and with the help of Miss Sullivan we expect to teach the care, clothing and feeding of children.

The work in this grade has been most satisfactory and the results already show that this work is meeting the greatest need of these girls. A few girls from a lower special grade are receiving instructions in useful handwork with Miss Dowd.

Our classes number as follows:

Sixth Grade	106
Seventh Grade	73
Eighth Grade	86
Ninth Grade	85
Special Classes	20
Freshmen	13
Sophomore	13
Total	396

Miss Irene Dowd teaches sixth and seventh grades and Special Class; Miss Reba Reed teaches Sophomores, Eighth Grades and takes charge of the lunch room at the High School; Miss Pillsbury teaches Freshman Sewing and Ninth Grades.

We feel that this department has been especially fortunate in having secured the services of Miss Reed as an instructor this year. Miss Reed has had the best possible training to fit her for this work having a teachers certificate and B. S. degree from Teachers College, New York. She thoroughly understands children and has entered into our work with an enthusiasm which has brought results and been of great benefit to the department.

There are two matters needing immediate attention in this department—the ventilation of the store room, and of the cooking laboratory. With the door closed the store room is so hot and the air so dead that supplies in the ice chest will scarcely keep over night. The door has been taken off the hinges and all the supplies of the department are open to the public, and even this does not supply ventilation by any means. In the cooking laboratory an electric fan is badly needed as there are

windows on only one side of the room and no brisk ventilation is possible to carry off smoke, odors and heat. We hope next year to have a coal range to complete our kitchen equipment.

I wish to thank the Superintendent and members of the Board of Education for their helpful interest in this department.

Respectfully submitted,

MARY E. A. PILLSBURY.

January 25, 1917.

REPORT OF SCHOOL NURSE

Mr. James H. Fassett, Superintendent of Schools,

Dear Sir:

Medical inspection is getting more important in our public schools each year. The parents, children and everyone connected with the schools, are now able to see the vast amount of good derived from it. The school physicians are working hard making an inspection of the throat, nose, eyes, hearing, lungs and orthopedic defects. They have recommended a great many corrections and notified parents in regard to conditions found. As in previous years about ninety per cent. of the children are suffering with defective teeth. Those who could have dentistry done had it attended to during the vacation and the number who cannot afford it are still suffering. Until we have some provisions for a free dental clinic a great many of our children are going to suffer with diseases caused from defective teeth. I earnestly hope that the Board of Education will give this matter serious thought, as a dental clinic would meet one of our most needed requirements.

The eye tests of all the children have been made. We have found a great many with defective vision. Parents have been notified of cases requiring immediate attention. Those who cannot afford glasses have special attention given them.

The children are trying hard to come to school clean. In visiting the homes, I find the conditions are such that it is almost impossible for some children to come to school clean. In these cases the bath is a very valuable assistant. Pupils who have been obliged to take a cleansing bath really enjoyed it, and wished they could have one at home.

The teachers of the various buildings, through their constant observations, together with the rule requiring every child who has been out sick to have a certificate from one of the school

physicians before coming back, have been most helpful to us in preventing the spread of disease.

Submitting the fourth annual report, I wish to thank you, the Board of Education, principals, and teachers for your co-operation.

Respectfully submitted,

ELIZABETH SULLIVAN.

Song, Hymn to Nature — Beethoven

Class

The heavens resound with His praises eternal,
In might and glory they combine
To tell His name thro' earth and the oceans
That man may hear the word divine.

He holds the suns in the blue vaulted heavens,
He plants His foot upon the world;
The myriad stars bow in willing subjection;
The universe His hand unfurled.

The Lord is God! He is King of creation;
In His right hand He holds them all;
His children, we, in love and devotion,
Before His might and power fall.

O Father, hear! we Thy sons bring our blessings,
Our pray'rful thanks to Thee we raise;
The heavens resound; break, O earth, into glory,
To serve! adore! and sing His praise!

—Andrea Hofer

Prophecies—Part I

Margaret Sullivan Cote

Song, Dawn, from "Samson and Delilah" Saint-Saens

Class

Dawn now on the hill-tops heralds the day!
Stars and torches in its light fade away!
Let us revel still, and despite its warning
Love till the morning!
It is love alone makes us bright and gay!
The breezes of the morn puts the shades to flight,
They hasten away like a mist-veil light!
The horizon glows with a rosy splendor;
The sun shines bright
On each swelling height,
And each tree top tender!

—Ferdinand Lemaire
(English version by Nathan Haskell Dole)

Prophecies—Part II

Frances Henry Lee

Song La Paloma, (The Dove), Cuban Folk-Song Yradier

Class

When I, from Havana sever'd so long ago,
No one knew but thee what joy I left behind;
And yet there are many dearer to thee, I know,
So still to its fate my heart must be resigned.

If at thy pane a beautiful dove comes winging,
Treat it with kindness, for my own thoughts 'tis bringing!
Say thou wilt love it, close to thy heart, oh! press it!
Crown it with flow'rs and evermore, love, caress it!

Ah, my darling so dear, bid it no more to roam,
But say thou'lt follow it, dearest one,
E'en to my mountain home.
O come to me, my heart is longing, love, for thee,
My soul is sighing where'er I be,
My heart is longing, love, for thee.

My dove it will murmur, "Ne'er shall I love forget!
Each day I am thine, in gladness or in pain;
Oh, treat then with kindness, darling, my pretty pet,
Tho' fate may decree we ne'er may meet again!
Still from my heart a message of love 'tis bearing,
Still it will murmur, "Thou art each hope still sharing!"
Fondle it gently, think of our days of pleasure,
Praise it so highly, better than gems of treasure.

Ah, my darling so dear, etc.

—Translated from the Spanish by Harrison Millard

LIBRARIAN'S REPORT

To the Trustees of the Nashua Public Library:

Gentlemen: Herewith is presented the report of the Librarian for the year 1916.

The total number of books given out is 89,608. In the Adult Department 60,988 and 28,620 in the Juvenile Room. This takes no account of the books read in these rooms or the reference work done there.

The failure to supply enough copies of the current ephemoral fiction, that the motion picture causes a demand for, has tended to reduce the circulation. Nevertheless, while there is a loss in the number of books circulated, there has been a substantial gain in all the divisions of nonfiction. This may arise, in part, from the interest taken in the European War and everything pertaining to the countries engaged in the conflict, for books on this and the magazines have been in great demand.

The aim has been to satisfy all classes of readers, especially students and those trying to help themselves to greater usefulness in their various vocations, by keeping up to date the technical and scientific books, books on business and the trades represented in the city. Twenty-five books were added for help of the manual training classes.

The call for foreign books continues. Twenty in Lithuanian were purchased and fifty-nine in French.

Books to aid foreigners, who cannot read English, with vocabularies in eleven languages, were bought to give better aid in this work. There are now 907 books in French, and the other foreign languages in the Library.

1680 volumes in all have been added to the Library this year; 1502 by purchase and sixty by the binding of magazines and newspapers and 118 by gift. State and Government documents numbering 155 have been added and 258 other pamphlets, many pertaining to the War and sent from all the European countries engaged.

The greater part of the books purchased have been the current books of the day, as, Ethics, Economics, Science, Travel and Description, Biography, and War History, all having a large circulation. 281 titles of Fiction have been purchased but have failed to nearly supply the demand.

The Reading rooms have been well patronized but not as would be expected from the books and magazines provided and the size of the city. 8,000 patrons have been counted by the Tally Register since March which is not half of those using the room. 37 volumes have been added to the reference shelves this year making the total number of volumes in this room 1374. Each year shows a marked increase in the help this room gives to the school children and all the community. Many questions are answered each week over the telephone, and the reply to many asked at the desk found. No strict account has been kept of their number but they must number a thousand (and vary from locating a small town in Austria to finding a poem suitable for a Golden Wedding anniversary. This does not include renewal of books over the phone; information given as to Library hours or requests to look up children in the Children's Room or about the building.)

Ninety-three periodicals have been subscribed for and twenty-five given.

The Children's Room has suffered some from its crowded condition. The circulation of 28,620 books and magazines is a gain of 1,886 over last year, and this does not show the number of books read and the reference work done in this room. The Tally Register shows 7,499 children visiting this room in November and December. The largest months circulation was March when 3,406 books were taken out. On the largest day 197 books weregivenout. Thenewapplications registered, number 435. Cut up picture puzzles have given great pleasure to the children during the vacations.

No publicity work has been undertaken other than the usual newspaper lists of additions each month and occasional notices calling attention to new books. A list of books helpful to busi-

ness men, another of industrial works and one on vocations have been made and posted in the delivery hall.

The Library Staff has been too small to take time for preparing many book lists. With the addition of another member it is hoped to add this feature to the work, as the public seem to wish frequent reminders of the helps the Library has to offer.

A new innovation this year in the work of the Library was the offer of the Board of Trustees to send books to the Rural Schools if the Board of Education would provide for their transportation to and from the schools, and passing them from school to school, and caring for them while in the schools.

The offer was accepted and five boxes containing twenty-five books each were sent in November to those schools too far in the country to enjoy the benefit of the Public Library. Each box contained mending material and pockets for the charging system.

There have been regretted changes in the staff this year. Miss Emma J. Dary, who for five years had served as assistant most faithfully, left in June. Miss Eva S. Davis succeeds her.

Miss Maebelle Taylor was given charge of the Children's Room, when Miss Vivian Jones left, has taken up the Catalog and Reference work most successfully. Miss Clara E. Smith came 1st of December.

Of the many gifts perhaps none have been more appreciated than that of the periodicals, Nation and Yale Review, by Mr. Frank H. Ayer.

To the Telegraph which has kindly donated an extra copy of the Daily Telegraph for many years for binding, and for publishing the many book lists and notices without charge, thanks are here given.

Respectfully submitted,

SARAH P. BARKER,

Librarian.

REPORT OF EXECUTIVE COMMITTEE

To the Trustees of the Nashua Hospital Association:

Gentleman: Your Executive Committee presents the following report of the work done at the Memorial Hospital for the year 1916.

Number of Patients admitted during the year....	942
Number of Patients in the Hospital Jan. 1, 1916..	21
Number of Surgical cases admitted.....	650
Number of Medical cases admitted.....	170
Number of X-Ray cases admitted.....	233
Average number in Hospital each day.....	28
Largest number in Hospital any day.....	50
Smallest number in Hospital any day.....	12
Number of Patients in Hospital Jan. 1st, 1917....	32
Number of Obstetrical cases.....	61
Number of Babies.....	61
Number of Major Operations.....	234
Number of Minor Operations.....	416
Males admitted.....	486
Females admitted.....	456
X-Ray Males.....	148
X-Ray Females.....	85
Number of Patients who paid their bills.....	747
Number of Patients who paid part.....	91
Number of Patients who paid nothing.....	66
Charity.....	38
Total expenditure for maintenance.....	$26,834.20
Average cost per day per patient....	2.62

Hospital Employees

Superintendent	1
Assistant Superintendent	1
Night Supervisor	1

Student nurses including Probationers	21
Clerk	1
Engineer	1
Orderly	1
Cook	1
Laundress	1
Maids	6

Extra help and nurses are employed when occasion demands.

Student nurses are sent out on cases when in the judgment of the Superintendent they can be spared from the Hospital, and they are assigned as Specials in the Hospital when they can be spared from the floors.

During the year there has been a further addition to the X-Ray equipment and at the present time it compares favorably with that of any general hospital in New England.

The Assistant Superintendent and one of the Senior nurses have been added to the X-Ray operating staff and given special instructions which increases the efficiency of this department and insures against any break in the service caused by the absence of the doctor in charge.

The Chemical and Pathological laboratories have been developed under the direction of Dr. A. E. Brownrigg, who has assigned as his assistants, the orderly and one senior nurse.

October 1st, 1916 the Superintendent, Miss Alice L. Lake presented her resignation and asked to be relieved as early as possible as she wished to take an important position with the American Red Cross. Her request was granted and since her retirement the positions of Superintendent and Assistant Superintendent have been filled by Miss Pauline Gage and Miss Marian Cogswell respectively.

This institution has cared for an increase of 33 per cent over its highest record during the past year. Every effort is made by its officers and working staff to increase its efficiency and improve its technique when ways and means can be provided. This committee would recommend that some plan be devised at

a suitable time to raise money to cancel the existing mortgage so that the portion of the income now paid out for interest may be diverted to further improvements and to running expenses.

We appreciate the consideration of the public spirited citizens and corporations who have assisted the work of the Hospital by their generous donations, a list of which is submitted.

Signed,

A. W. SHEA, Chairman.

REPORT OF TRAINING SCHOOL COMMITTEE OF THE NASHUA MEMORIAL HOSPITAL

We began the year of 1916 with a Superintendent, Assistant Superintendent, 4 Post Graduate students, and 16 pupil nurses, 7 of whom were Probationers, and all of the latter were later, given their caps.

In the end of March all the Post Graduates received their Diplomas, and during the year 4 of the pupil nurses graduated, 2 left on account of ill health, 1 resigned and 1 was dismissed.

The Assistant Superintendent resigned early in the year and left the Hospital late in March. The Superintendent resigned and left us Octobe 1916. October 1st, Miss Pauline W. Gage assumed charge as acting superintendent.

After receiving her Post Graduate Diploma, Miss Cogswell remained as Operating Room Supervisor, and under her, each pupil nurse who proves herself competent, receives three months practical training in Operating room technique. Miss Garland, who graduated in September, makes an efficient night supervisor.

During 1916, of the 36 applicants for admission to the Training school, 13 were admitted, and we have now 21 pupil nurses on duty.

Beside the practical instruction given by the Acting Superintendent and Supervisors. The nurses have bedside instruction from members of the staff, and a course of 59 lectures. There

are also classes given by the Superintendent. In addition to this, there is, each year a course of 24 lectures in Diatetics, the time being evenly divided between the theory of diets and practical cooking lessons. Last year Miss Leonard, a Graduate of the Fanny M. Farmer School, had charge of this work and at present Miss Davis of Drexel Institute of Philadelphia, and Post graduate of Miss Farmer's school is giving the lectures.

Our pupils are all earnest hard working young women who are doing their best to profit by the training offered them.

Respectfully submitted,

For the Committee,

E. B. ATHERTON.

TREASURER'S REPORT

To the Nashua Hospital Association:

The Treasurer submits the following report of the finances of the Association for the year ending December 31, 1916. (January 13, 1917).

RECEIVED

Balance as by last annual report.....	$6,034.34
Rebate on bills, in cash.....	15.65
Donations in cash.....	992.35
Interest.....	657.50
City Appropriation.....	1,500.00
Income from patients.....	19,264.78
Loan from City Guaranty Savings Bank.....	20,000.00

PAID OUT

Medical Supplies	$3,917.53	
Salaries	6,883.20	
Incidentals	3,989.26

AUDITOR'S REPORT

Nashua, N. H., January 15, 1917.

I certify that I have examined the accounts for the year ending January 15, 1917 of James B. Crowley, Treasurer of the Nashua Hospital Association and have checked the expenditures, examined the securities with this result.

Balance on hand January 15, 1917 . .	$6,034.34	
Received by him from all sources . . .	42,430.28	
Total to be accounted for		$48,464.62
Amounts paid out:		
Medical supplies	$3,917.53	
Salaries	6,883.20	
Incidentals	3,989.26	
Hospital supplies	9,146.28	
Fuel and Light	2,897.93	
Construction and Furnishings	16,332.13	
Total paid out		$43,166.33
Leaving balance of		$5,298.29

Of which balance $3,000.00 is in the note of J. M. Fletcher and $2,298.29 on deposit in Second National Bank of Nashua.

The Wm. S. Atwood Fund is in certificate of deposit at Second National Bank and on January 18, 1917 will amount to $508.99.

The following securities are owned by the Association:

2 shares Odd Fellows Bld. stock carried at $20	$40.00

10 shares Underwriters Fire Ins. Co., at $100	1,000.00	
32 1-2 shares Sioux City Stock Yards Com. at 70	975.00	
3 1-3 shares Nashua Trust Co. at 100	333.33	
Total		$2,348.33
The amount of unpaid bills due from the Association	$ none	
The amount of accounts due and collectible as by the records of the clerk		$2,425.73

HERBERT E. KENDALL,
Auditor

CITY OF NASHUA

REPORT

OF THE

Board of Public Works

for the year

1916

Report of the Board of Public Works

To the Honorable Board of Aldermen of Nashua, N. H.,

Gentlemen:

Owing to the increased cost of labor and material in 1916 the expense of building and maintaining the streets was considerably in excess of that in 1915 for the same amount of work; yet we succeeded during the year not only in keeping all of the streets in as good or better condition than the previous years, but also did considerable work of a permanent nature: Belmont Street, leading from Main to the South Common, was thoroughly relaid with a proper allowance for grade and drainage, surfaced with cement concrete and cement curbs and cement sidewalks laid. Mechanics Street, situated in the center and older part of the city has never been built to a proper grade and was more or less of a mud hole during most of the year. This street is narrow and it was impossible to build sidewalks without making it a one-way street, but a large amount of foot traffic necessitated the making of some provision for that and it was decided to build a single gutter or concaved street as a proper roadway to meet the need existing there. The street was first properly graded, sewers built where necessary, and the street surfaced with cement concreted pavement, making a clean sanitary street out of what was formerly a breeding place of disease and at a very moderate cost.

Canal Street, one of the main arteries of the city leading to the Junction, is subject to very heavy traffic and was in such condition that all light or pleasure vehicles whenever possible avoided it, but, unfortunately, there was no other route in that direc-

tion whi [illegible] was in better condition. The old granite block on this street was laid without foundation and had become rounded or cobbled; the street was filled with depressions where the mud would settle in wet weather and from which the dust would fly in dry weather. The blocks were taken up and cleaned, the foundation levelled up, and the blocks relaid to an even grade and the joints grouted with Portland cement. This street has been open to traffic since being rebuilt about one year, and is in perfect condition today. It is sanitary, can be easily cleaned a[illegible] no reason why it should not remain in this condition fo[illegible] ars. This is a very economical and satisfactory ty[illegible] truction and should be extended as soon as possible to [illegible] ts of the city where the conditions are the same as before the repair was made.

On Allds Street from Harvard to Williams, nothing had ever been done in way of permanent improvement and the grade on this section is very light. There is a car track in the center which confines the traffic on both sides to one single line of travel. During the spring and fall, or any time during the wet weather, this was a sea of mud. This section was properly graded, sewer openings built, paved with Portland cement and cement curbs. It is now one of the finest sections of street in the city.

On Main Street leading South on both sides from the Masonic Temple the gutters were in very bad condition not having the proper g[illegible]e and in many cases were stopped up by the growth of roots and raised so that water stood in places to a considerable depth. A Portland cement gutter from four to six feet wide, laid to proper grade for drainage, was laid on the east side from Masonic Temple to Acton Track and back on west side from Acton Track to Prospect Avenue. This work will be continued and completed to opposite Masonic Temple during the next season.

On East Hollis Street the surface of the road extending from near Marshall to the Boston & Maine Railroad tracks at the Junction had become worn out and full of depressions making it very disagreeable for traffic. This was scarified, new stone added

brought to a proper grade and surfaced with a bituminous coat of one and one-half inch by the so-called penetration method using approximately one and one-half gallon to one square yard.

On Arlington Street which was an old water-bound macadam street, the surface had become completely worn out. The Department set up a hot mixing asphalt plant with a capacity of approximately 700 square yards of 2" surfacing per day. It was late in the season when this work was started and after running a few days we were compelled to close down on account of the weather. Nevertheless about 3000 yards of the so-called modified Topeka was laid. This is a mixture of the finest sand and gravel running from gravel of 3-4 inch size down to the finest of sand in proper proportion heated to approximately 325° Fahrenheit and mixed with asphalt of same temperature with a penetration of about 65 in the proportion of 28 gallons of asphalt to one cubic yeard of the sand and gravel. We believe, under the proper conditions, that this is one of the most economic types of road construction, and additional surfacing of this type will be made.

A small bridge was built across the Tinker Road; in conjunction with the Town of Merrimack two bridges were built across the Pennichuck Brook, one, on the so-called Thornton Road and one on the Milford State Highway, all built with Portland Cement and of a permanent character, requiring no repairs for many years if ever.

Sewers were constructed on the following streets; Main, Pine and Colburn Streets, and Chautauqua and Sargents Avenues. A detail statement of these will be found elsewhere.

In connection with the State the balance of the work on the Milford Highway, about two miles, was completed, making a little over four miles of improved State Highway during the last two years. In addition to this, many other streets were given a surface treatment of asphalt or tar; a list of these, together with the streets improved with macadam or gravel with the cost, is appended. It will be noted that the location of streets and avenues named made it possible to distribute the work quite im-

partially. During the ensuing year similar work, that is, relaying granite block, building concrete streets, surfacing with the hot mix and the treatment with heavy oil where the macadam or gravel surface is in good condition will be continued, as expeditiously as circumstances permit.

The following is a list of streets on which permanent work was done.

Belmont Street

730 Square Yards Concrete Pavement
753 Linear feet Concrete Curb
150 Linear feet New Sewer
2 New Catch Basins
at a cost of $1,483.57

Allds Street

3710 Square Yards Cement Concrete Pavement
1201 Linear feet Cement Concrete Curb
8 Catch Basins
at a cost of $5,506.98

Canal Street

9494 Square Yards Granite Block relaid and grouted
2400 Linear Feet Curb Reset
20 Catch Basins
Some new Granite Block
at a cost of $6,481.43

Mechanics Street

802 Square Yards Cement Concrete Pavement
6 Catch Basins
at a cost of $1,203.37

E. Hollis Street Surface.

East Hollis Street from the railroad East towards the

bridge 12500 Yards of paving, new edgestone and new catch basins at a cost of 3,040.32. From Marshall Street to the main line of Railroad a surface of bituminous macadam an area of 5,000 Square Yards at a cost of $1,209.13 A section of surfacing with modified Topeka on Arlington Street at a cost of $1,786.40.

The following streets were given more or less repair at a cost set opposite with the exception where oiled. It was impossible to determine the exact amount of oil used on each street, this was charged to oiling.

Bridges

Thornton Road Bridge. This bridge was built in conjunction with Town of Merrimack, specifications were drawn and bids called for. The Town of Merrimack requesting us to bid on work to be done according to specifications. Our bid was $1300. and being the lowers it was voted that we construct the bridge.

The actual cost of bridge was $1,147.70 of which $650.00 was paid by the Town of Merrimack making the net cost to the City of Nashua of $497.70. The next lowest bid to ours was $1700. which would make the City's share $850.00.

Milford Highway Bridge. This was built by contract with the Town of Merrimack without calling for bids. The abutment on the Merrimack side was in good condition and only required pointing up; on the Nashua side it required a new abutment. The town of Merrimack offered to pay $450.00 for their share of the work which was accepted. The actual cost was $1103.50 making the cost to the City of $653.50.

Tinker Road Bridge. This is a small bridge which was built by the City at an expense of $228.72. These bridges were all built with steel I beams and reinforced concrete with concrete side rails.

Sewers

Sargents Avenue..	$145.66	Chautauqua Avenue	$339.88
Colburn Street....	60.18	Pine Street.....	499.58

Edgestone was granted on Ash, Blossom, Kinsley, Central, Fulton, Jefferson, Granite, Stark, Webster, Putnam, Union and Arlington Streets.

The following new equipment was purchased during the year:
One Power Asphalt Heater and Distributer.
One Dyer Sand and Gravel Heater
One Ford Automobile
One Large Dump Cart for Ashes
Four Bantam Grading Machines
Steel Concrete Forms for Sidewalks and Street Construction
About $800.00 worth of Sewer Castings.

Board of Public Works.

CITY OF NASHUA

REPORT

OF THE

CITY SOLICITOR

for the year

1916

Report of the City Solicitor

To the Mayor and Board of Aldermen:

I herewith respectfully submit my report for the year ending December 31, 1916.

The following cases for or against the City are now pending:

Labombarde vs Dube. Petition for Injunction, to restrian defendant from polluting waters of Salmon Brook. Injunction issued by agreement.

Nashua Light, Heat and Power Co. vs Nashua. Petition for abatement of taxes. 3 cases.

Greeley vs Nashua. Petition for assessment of damages in laying out street.

Petition of Nashua. Petition to discontinue highway between Hunt and Nagle Streets, Nashua.

The following cases have been disposed of during the year:

McElwain Shoe Company vs Nashua. 4 cases. Petition for abatement of taxes. Marked by agreement "Neither Party".

Paul vs American Shoe Company. Petition of Nashua to intervene. Claim for taxes settled by agreement.

Nashua vs Hudson.

Hudson vs Nashua

Nashua vs Bay State and Northern St. Ry. Petition for contribution for expense of constructing Taylor Falls Bridge. Exceptions of defendant Street Railway waived, and settlement made in accordance with prior decree of court at September Term 1914.

I have also drafted legislative bills during the year for the purpose of better coordinating the different departments of the city government under the new city charter and also at the request of the police department, legislative bills relating to the

criminal laws of the state. In my advisory capacity I have cooperated with all city officials whenever called upon to do so; and generally have performed such duties as devolves upon me by law or ordinance.

Respectfully submitted,

HARRY P. GREELEY,

City Solicitor

CITY OF NASHUA

Resolutions and Ordinances

passed by the Board of Aldermen
and approved by the Mayor
during the year 1916

RESOLUTIONS AND ORDINANCES

ADOPTING RULES AND FIXING THE TIME FOR HOLDING REGULAR MEETINGS

That the rules of the Board of Aldermen for 1915 be, and the same are hereby adopted for 1916 until otherwise ordered.

And that the time for holding regular meetings be on the second and fourth Tuesdays of each month at seven o'clock and thirty minutes in the afternoon.

Passed January 1, 1916.

Approved January 2, 1916.

RESOLUTION

AUTHORIZING THE FINANCE COMMITTEE TO HIRE MONEY

Voted: That the Finance Committee be, and hereby are authorized to borrow from time to time during the current municipal year beginning January 1, 1916, in anticipation of the taxes of said municipal year, a sum or sums not exceeding three hundred and fifty thousand ($350,000) dollars, for the purpose of meeting the current expenses of the city and the Mayor and Collector-Treasurer are hereby authorized to execute and issue the negotiable note or notes of the City of Nashua therefor, every such note to become due and payable within one year from the date the loan for which it is issued is incurred, and no such note shall be valid unless authenticated by the certificate of the First National Bank of Boston. All debts incurred under authority of this vote shall be paid from the taxes of said current municipal year.

Passed January 1, 1916.

Approved January 6, 1916.

ORDINANCE

AMENDING SECTION THREE OF CHAPTER FIVE OF AN ORDINANCE RELATING TO THE FIRE DEPARTMENT.

Amend Section 3 by striking out the word "Five" in the fourth line and inserting in place thereof the word "Twenty", by striking out the word "Ten" in the sixth line and inserting in place thereof the words "Twenty-five", by inserting in the ninth line after the word service the following: "Call Captains One Hundred Thirty Dollars per year." By striking out the word "Five" in the tenth line and inserting in place thereof the words "Twenty-five," by inserting in the twelfth line after the word "Hundred" the words "Fifteen," by inserting in the third line after the word service, "Call Engineers shall receive the sum of One Hundred Fifty Dollars per year in full for all services," so that when amended said Section shall read as follows:

Section 3. The permanent Engineers of steamers shall receive the sum of Nine Hundred Fifty Dollars per year in full for all services. Call Engineers shall receive the sum of One Hundred Fifty Dollars per year in full for all services. Stokers shall receive the sum of One Hundred Twenty Dollars per year in full for all services. Company Clerks shall receive the sum of One Hundred Twenty-five Dollars per year in full for all services. Permanent Captains of Companies shall receive the sum of One Thousand Dollars per year in full for all services. Call Captains shall receive the sum of One Hundred Thirty Dollars per year in full for all services. Lieutenants of Companies One Hundred Twenty-five Dollars per year. Members of engine, hose, hydrant, hook and ladder and chemical engine companies, One Hundred Fifteen Dollars per year. All salaries fixed in this ordinance except permanent men shall become due and payable quarterly on the second days of January, April, July and October of each year. The salaries of all permanent men shall be payable on Tuesday of each week.

Passed January 25, 1916.

Approved February 1, 1916.

RESOLUTION

OMMITTING THE SECOND REGULAR MEETING IN FEBRUARY

That the second regular meeting in February be ommitted as the same falls on a legal holiday, Washington's Birthday.

Passed February 8, 1916.

Approved February 10, 1916.

RESOLUTION

AUTHORIZING THE COMMITTEE ON SHOWS AND LICENSES THE RIGHT TO ISSUE A LICENSE FREE OF EXPENSE.

Whereas, It has been a number of years since a first class circus has included the city of Nashua in its itinerary, and,

Whereas, As a consequence the younger generation of Nashuans have not had the pleasure of attending a real circus in their own city, and,

Whereas, It is the opinion of many of the citizens and taxpayers that a visit from a first class circus would not only stimulate trade by bringing into the city a large number of people from neighboring towns that now go to Manchester and Lowell, but would also tend to keep in town a large number of our own people.

Therefore, Be It Resolved,

That as an inducement to the Barnum and Baily Circus to visit Nashua during the coming summer, the Committee on Shows and Licenses be and they hereby are authorized and instructed to issue a license to said Barnum and Baily Circus, at some date to be determined later, free of all expense to said Barnum and Bailey Circus.

Passed March 14, 1916.

Approved March 16, 1916.

RESOLUTION

RAISING MONEY FOR THE PAYMENT OF THE TAYLOR'S FALLS BRIDGE NOTES

Voted: That the City Treasurer be, and he hereby is authorized, for the purpose of raising money for the payment of refunding notes of the City, Nos. 1 to 10 inclusive, dated April 2, 1915, and due April 2, 1916, legally issued for the purpose of raising money for the payment of the Taylor's Falls Bridge Notes, aggregating $50,000, dated October 2, 1914, due April 2, 1915, now outstanding, to issue ten notes of $5,000 each, bearing formal date of April 2, 1916, due April 2, 1917, bearing interest payable semi-annually at not exceeding five per centum per annum.

Said notes shall be coupon notes, payable to bearer, with the principal and interest payable at the First National B nk of Boston, shall bear the City seal, be signed by the Mayor, and countersigned by the City Treasurer.

The coupons annexed shall bear the fac-simile signature of the City Treasurer. Said notes shall be considered as issued by virtue and in pursuance of the Municipal Bonds Act of 1895.

None of said notes shall be obligatory without the authenticating certificate of said Bank.

All other particulars as to the form, issuance and sale of said notes shall be determined by the Mayor and City Treasurer.

Passed March 28, 1916.

Approved March 29, 1916

ORDINANCE

ESTABLISHING THE SALARIES OF THE MEMBERS OF THE BOARD OF ASSESSORS, AND OF THE CLERK OF SAID BOARD.

Sect. 1 Amend section 8, Chapter 35 of the City Ordinances by striking out the whole of said section and substituting in place thereof the following to be known as Section 8:

Section 8. Each member of the board of assessors shall be paid in full for his services the sum of Seven hundred and fifty dollars ($750.00) per year, excepting one member thereof to be designated by said board, who shall receive in full for his services the sum of One Thousand dollars per year, and whose duties in addition to his regular duties as a member thereof, shall be prescribed by said board. So far as practicable the said board shall perform continuous services during the months of March, April May, June, October and November in each year; and the member who shall perform duties in addition to his regular, duties, as prescribed by said board, shall perform continuous services for the additional months of January and February in each year. The clerk of said board, shall receive in full for his services the sum of One thousand dollars ($1,000.) per year. All of said salaries shall be paid quarterly.

Sect. 2. All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

Passed April 11, 1916.

Approved April 12, 1916.

ORDINANCE

ESTABLISHING THE SALARY OF THE CLERK OF THE MUNICIPAL COURT

Sect. 1. Amend Chapter 35 of the City Ordinances by adding at the end thereof the following to be known as Section 20.

Section 20. The Clerk of the Municipal Court shall be paid in full for his services the sum of $800.00 to be paid in equal monthly payments.

Section 2. Amend Section 2, Chapter 34 of the City Ordinances by striking out the word "quarterly" before the words "instalments of his salary" in the last line thereof and substituting therefor the word "monthly" so that said section as amended shall read as follows:

Sect. 2. The clerk of the police court may furnish all necessary blanks, writs complaints, warrants, executions and other papers to be used for the prosecution of suits and complaints before said court at the expense of the city, and sell and receive for the same the following sums:

For each blank trustee writ	$0.05
For each blank writ and summons	0.05
For each blank writ of possession	0.05
For each blank complaint and warrant	0.03

except such as authorized by the city solicitor or city marshall; and all other papers at cost. And all monies received by said clerk for such blanks shall be accounted for and paid over to the city treasurer whenever he shall draw the monthly instalments of his salary.

Sect. 3. All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

Passed April 11, 1916.

Approved April 12, 1916.

RESOLUTION

AUTHORIZING THE MAYOR TO SIGN A CONTRACT FOR PRINTING THE CITY REPORT

That the Mayor be and he hereby is authorized and instructed to sign a contract with Emile E. Marquis for printing and binding the sixty-third annual report of the city of Nashua, said contract to be in accordance with the terms set forth in a report signed by the Committee on Printing and Stationery, this day accepted.

Passed April 11, 1916.

Approved April 12, 1916.

RESOLUTION

APPROPRIATING THE SUM OF FIVE THOUSAND DOLLARS FOR THE IMPROVEMENT AND CONSTRUCTION OF THE SOUTH SIDE ROAD, WITHIN THE LIMITS OF THE CITY OF NASHUA.

That the sum of Five Thousand Dollars be and hereby is appropriated and set apart to constitute a fund which, with an additional sum of Five Thousand Dollars, contributed by the State of New Hampshire shall constitute a joint fund to be used and expended for the purpose of improving and constructing that part of the South Side road, so called, within the limits of the City of Nashua under the provisions of the Laws of 1913, Chapter 158.

For the purpose aforesaid the Mayor and Collector-Treasurer are hereby authorized and empowered to borrow the sum of Five Thousand Dollars and to issue notes of the City therefor. Said notes shall be signed by the Mayor and countersigned by the Collector-Treasurer, shall bear the City seal, and the first one of said notes shall be for the sum of One Thousand Dollars and the remaining two notes shall be for the sum of Two Thousand

Dollars each and shall be due and payable serially one each year, in six, seven and eight years respectively from the date of issue as therein provided, at a rate of interest not exceeding five per centum per annum and payable semi-annually on the first days of June and December of each year. Said, notes shall be payable at the First National Bank of Boston in Boston in the Commonwealth of Massachusetts and shall bear the authenticated certificate of said bank. Other particulars as to form, issuance and sale of said notes to be determined by the Mayor and Collector-tor-Treasurer. Said notes to be considered as issued under the municipal bonds act of 1895.

Passed April 25, 1916.

Approved April 26, 1916.

RESOLUTION

APPROPRIATING THE SUM OF TWENTY-FIVE HUNDRED DOLLARS FOR THE IMPROVEMENT AND CONTRUCTION OF THE MERRIMACK VALLEY ROAD, SO CALLED, WITHIN THE LIMITS OF THE CITY OF MASHUA.

That the sum of Twenty-five Hundred Dollars be and hereby is appropriated and set apart to constitute a fund which with an additional sum of Twenty-five Hundred Dollars, contributed by the State of New Hampshire, shall constitute a joint fund to be used and expended for the purpose of improving and constructing that part of the Merrimack Valley road, so-called within the limits of the City of Nashua, under the provisions of the Laws of 1907. Chapter 139.

For the purpose aforesaid the Mayor and Collector-Treasurer are hereby authorized and empowered to borrow the sum of Twenty-five Hlndred Dollars and to issue notes of the city therefor. Said notes shall be signed by the Mayor and countersigned by the Collector-Treasurer, shall bear the City seal, and the first note shall be for the sum of Five Hundred Dollars, and the

remaining two notes shall be for the sum of One Thousand Dollars each and shall be due and payable serially one each year, in one, two, and three years respectively from the date of issue as therein provided, at a rate of interest not exceeding five per centum per annum and payable semi-annually on the first days of June and December of each year. Said notes shall be payable at the First National Bank of Boston in Boston in the Commonwealth of Massachusetts and shall bear the authenticated certificate of said Bank. Other particulars as to form, issuance, and sale of said notes to be determined by the Mayor and Collector-Treasurer. Said notes to be considered as issued under the municipal bonds act of 1895.

Passed April 25, 1916.

Approved April 26, 1916.

RESOLUTION

APPOINTING THE MAYOR AND THE COMMITTEE ON STREET LIGHTS A SPECIAL COMMITTEE AND AUTHORIZING THE SAME TO EXECUTE A CONTRACT WITH THE NASHUA LIGHT, HEAT AND POWER COMPANY, FOR PUBLIC LIGHTING.

That for the purpose of installing the latest and most efficient system of city lighting the mayor and the standing committee on street lights are hereby appointed a Special Committee and said Special Committee is hereby authorized and empowered, by and with the consent of the Nashua Light, Heat and Power Company, to terminate the present lighting contract of the City of Nashua with said company, not including the Boulevard System Contract so-called, in case a new contract with said company shall be executed by said committee, as hereinafter provided. The said committee for and in behalf of said city, is hereby authorized and empowered to execute a new contract with said company for public lighting, for a period not exceeding seven years from the date thereof and expiring on the same

date as the Boulevard System Contract so-called, for the same number and kind of lights or lamps at the same price therefor, as is specified in said existing contract and now in operation in this city; with full power however, to substitute, in whole or in part, for the lighting system now in use, the Boulevard System excepted, including each and every light or lamp therein, the system known as the "Type C Nitrogen Light, with the new type Refractor and Reflector", at not exceeding the following price for Type C Nitrogen Light annually.

600 C. P.	C. Nit. Lt.	$80.00
400 C. P.	C. Nit. Lt.	62.00
250 C. P.	C. Nit. Lt.	40.00
100 C. P.	C. Nit. Lt.	30.00
80 C. P.	C. Nit. Lt.	26.00
60 C. P.	C. Nit. Lt.	22.00

With such safeguards as said Committee may supply.

Passed June 13, 1916.

Approved June 14, 1916.

RESOLUTION

OMMITTING THE SECOND REGULAR MEETINGS DURING THE MONTHS OF JUNE, JULY, AUGUST AND SEPTEMBER.

That the second regular meetings of the Board of Aldermen be ommitted during the months of June, July, August and September 1916.

Passed June 13, 1916.

Approved June 14, 1916.

RESOLUTION

APPROPRIATING THE SUM OF THREE HUNDRED DOLLARS FOR PLAYGROUNDS

That the sum of three hundred ($300.00) dollars be and the same is hereby appropriated for the purpose of maintaining play-

grounds in various parts of the City of Nashua. This amount to be expended under the supervision of the Finance Committee and to be taken from any monies in the city treasury not otherwise appropriated.

Passed June 13, 1916.

Approved June 14, 1916.

RESOLUTION

APPROPRIATING MONEY FOR THE 4TH OF JULY CELEBRATION

That the sum of One Hundred Dollars be and hereby is appropriated from moneys in the City Treasury not otherwise appropriated, to be expended with a similar amount to be appropriated by the Club Ferdinand Gagnon for fireworks display July 4, 1916, in Nashua, free to the public.

Passed June 13, 1916.

Not approved by Mayor. Money not used as celebration did not take place.

ORDINANCE

ESTABLISHING A FEE FOR SEWER AND DRAIN PERMITS.

Section 1. That Section 3, Chapter 12 of the Revised Ordinances of Nashua be amended by striking out the words "One dollar" and inserting in place thereof the words "Two Dollars" so that said section 3 as amended shall read as follows: Section 3. No private sewer or drain which discharges into any common sewer, shall be constructed without a written permit, to be obtained from the city engineer, and the party applying for said permit shall pay to the city engineer the sum of two dollars ($2.00) for the use of the city.

Section 2. All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

Passed July 11, 1916.

Approved July 13, 1916.

ORDINANCE

ESTABLISHING THE FEES OF SELECTMEN, CLERK, MODERATOR OF WARDS AND BALLOT INSPECTORS.

Section 1. Amend Section 6, Chapter 35 of the Revised Ordinances entitled "Salaries and Compensation", by striking out the words "the sum of Five ($5) dollars each", and in place thereof inserting the words "the sum of Ten ($10.) dollars each, for each meeting held in the wards for the election by ballot of state, county, senatorial or city officers," so that said Section 6 as amended shall read as follows:

Section 6. The selectmen, clerk and moderator of the several wards in this city shall receive for all the duties performed in their respective officers the sum of Ten ($10.) dollars each, for each meeting held in the wards for the election by ballot of state county, senatorial or city officers.

Section 2. Amend Section 7 of Chapter 35 entitled "Salaries and Compensation", of the Revised Ordinances, by striking out the words" for each year when there shall be held a meeting in the wards", and inserting in place thereof the words "for each meeting held in the wards," so that said Section 7 as amended shall read as follows:

Sect. 7. Each of the inspectors appointed according to Section 14, of Chapter 78 of the Session Laws of 1897, in the several wards of this city shall receive for all duties performed in his office, the sum of Ten ($10.) dollars for each meeting held in the ward for the election by ballot of state, county, senatorial or city officers.

Sect. 3. All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

Passed July 11, 1916.

Approved July 13, 1916.

RESOLUTION

IN RELATION TO THE COLLECTION OF POLL TAXES

That the collector of taxes be and hereby is authorized to foreward on the first day of July, 1916, a notice to each and every poll tax payer of the City of Nashua by publishing the same for three successive days in the newspapers of said city to pay his poll tax on or before the first day of August, 1916 and for all poll taxes not paid after said date, to charge costs amounting to 20 cents for said notice and Resolved further that the collector of taxes be and hereby is authorized to proceed to distrain for all poll taxes not paid on said first day of August, 1916.

RESOLUTION

FOR THE ALTERATION AND IMPROVEMENT OF THE "KINSLEY STREET BAPTIST CHAPEL" PROPERTY AND THE APPROPRIATION OF A SUM NOT EXCEEDING FIFTEEN HUNDRED DOLLARD ($1500.) THEREFOR.

That a Committee consisting of three members of the Board of Aldermen appointed by the President of said Board and three members of the Board of Education, be and the same are hereby constituted a Joint Committee; and said Joint Committee is hereby authorized and empowered to alter and improve the land and building known as the "Kinsley Street Baptist Chapel" property on Kinsley Street in Nashua for school purposes, at an expense not exceeding Fifteen Hundred Dollars ($1500.); and said sum of Fifteen Hundred Dollars ($1500.) is hereby appro-

priated from the proceeds of a sale of bonds of the City of Nashua to be duly issued in accordance with a resolution threfor.

Passed August 8, 1916.

Approved August 10, 1916.

RESOLUTION

AUTHORIZING THE PURCHASE OF THE "KINSLEY STREET BAPTIST CHAPEL" AND APPROPRIATING THE SUM OF TWENTY-FIVE HUNDRED DOLLARS ($2500.) THEREFOR.

The mayor is hereby authorized and empowered to purchase for and in behalf of the city, the land and building on Kinsley Street in Nashua known as "The Kinsley Street Baptist Chapel property" for the sum of Twenty-five Hundred Dollars ($2500.); taxes for the year 1916 to be assumed by said grantee; and said sum of Twenty-five Hundred Dollars ($2500.) is hereby appropriated for the foregoing purpose from the proceeds of a sale of bonds of the City of Nashua to be issued in accordance with a resolution therefor.

Passed August 8, 1916.

Approved August 10, 1916.

RESOLUTION

AUTHORIZING THE BOARD OF TRUSTEES OF WOODLAWN CEMETERY TO SELL AND CONVEY LAND ON BLOSSOM STREET.

The Board of Trustees of Woodlawn Cemetery are hereby authorized and empowered to sell and convey the following described tract of land as a whole or in separate lots, according to their best judgement,

Beginning at the corner of West and Blossom Streets in said Nashua, thence easterly along the line of Blossom Street about

Five Hundred and sixty-five (565) feet; thence southerly about two hundred and seventeen (217) feet to the line of Gilman Street so-called; thence westerly along the line of Gilman Street six hundred and seven (607) feet to West Street; thence along the line of West Street seventy-eight (78) feet to the point of beginning.

And for in behalf of the City to give good and sufficient deed or deeds therefor. The proceeds of said sale or sales shall be received by said Trustees, paid to the City Treasurer kept separate from other funds of the city, and subject to the order of said Trustees, and shall be devoted to the care, improvement, embellishment and enlargement of said Cemetery under the direction of said Trustees; as provided in the case of moneys received for said cemetery under the Laws of 1895 Section 4, Chapter 223, entitled "An Act Creating a Board of Trustees for Woodlawn Cemetery in Nashua".

Passed August 8, 1916.

Approved August 10, 1916.

RESOLUTION

EXEMPTING EDWARD E. BARTLETT FROM TAXATION

Whereas Edwin E. Bartlett proposes to put in operation in the City of Nashua in the buildings now owned by the Flather Planer and Shaper Company, a corporation duly established by law, situated on Crown Street, a manufacturing establishment for the manufacture of machinery and for that purpose proposes to bring to Nashua and use additional machinery, stock in trade, capital and other property; Now therefore

Be it resolved that all the machinery, tools, stock in trade which may be owned or used by said Edwin E. Bartlett, in said factory, or any addition which may be made thereto, or any additional factories or buildings erected by said Edwin E. Bartlett, and the capital to be used in operating the same, and the business

connected therewith, be exempted from taxation for the period of ten years from the first day of October 1916, provided that, said Edwin E. Bartlett pay to the City of Nashua, annually the amount of the State and County Tax due in respect to said property from said city of Nashua to the State of New Hampshire and County of Hillsborough as required by an Act of the Legislature of said State, approved April 9, 1909 entitled "An Act in amendment of Section 11 of Chapter 55 of the Public Statutes relating to tax exemptions."

This exemption is granted with the express provision that all work in the manufacture of machinery produced in said factory or additions thereto shall be done therein, and be it further

Resolved, That this resolution shall take effect upon its passage.

Passed August 8, 1916.

Approved August 10, 1916.

No motor vehicle or horse drawn vehicle shall be stationed and remain for a period exceeding twenty minutes on the south side of Temple Street from Main Street to a point 40 feet of the east side of Main Street, on Park Street from Main Street to Court Street and at no time shall any vehicle be stationed on the Main Street Bridge.

Sect. 3. No motor vehicle or horse drawn vehicle shall at any time be stationed and remain on the east side of Main Street from the corner of Main and Temple Streets to the premises of the Methodist Church Society for a period exceeding 10 minutes or unattended at any time.

Sect. 4. No motor vehicle or horse drawn vehicle shall without necessity stop with its left side to the curb in the following streets, viz.,—Main Street north of Lake Street, Temple Street between Main and Court Streets; West Pearl Street, Factory Street.

Sect. 5. Any motor vehicle or horse drawn vehicle remaining in one place in any public street or part thereof hereinbefore named, shall be stationed within twelve (12) inches of the curb and and parallel thereto; except on the west side of Main Street between Ayer Block and the watering trough south of Pearl Street, where all motor vehicles shall be backed into the curb at an angle of about forty-five (45) degrees, if the same are to remain in one place for a period exceeding ten minutes and the engines of motor vehicles when left unattended, shall be brought to a full stop.

Sect. 6. No vehicle shall enter or remain in any part of the highway that shall be established and designated as a "safety zone" by the Police Department.

Sect. 7. Motor vehicles and horse drawn vehicles crossing from one side of a street to the other in any street or part thereof hereinbefore named, shall, except in case of necessity do so by turning to the left so as to head in the same direction as the traffic on that side of the street; and all vehicles approaching a crossing of ways shall slow down and keep to the right of the intersection of the centre of both ways when turning either to the right or left

Sect. 8. No motor vehicle or horse drawn vehicle shall in any streets or part thereof hereinbefore named, without necessity so occupy the same as unreasonably to interfere with or interrupt the passage of other vehicles thereon, and shall not stop within 10 feet of any street corner.

Sect. 9. Unless in case of necessity or to allow another vehicle or a pedestrian to cross its way, no motor vehicle or horse drawn vehicle shall stop in any of the foregoing public streets or parts thereof except close to the curb.

Right of Way

Sect. 10. The officers and men of the fire department of any city or town, with the engines and apparatus thereof, shall have the right of way while going to a fire or responding to an alarm through any street lane or alley in said city or town. * * * *Whoever wilfully or maliciously obstructs or retards the passage of an engine or other apparatus of a fire department, while so going to a fire, shall be punished by a fine of not more than fifty dollars ($50.00) or by imprisonment for not more than three months (Extract from Laws of 1905, Ch. 66, Sect. 1).

Sect. 11. If a person travelling on a highway with a vehicle meets another person so travelling, in the opposite direction, he shall reasonably turn to the right of the center of the travelled part of the road, so that each may pass the other without interference. (P. S. Ch. 76, Sect. 17.)

Sect. 12. If a person travelling on a highway with a vehicle is informed that another person travelling in like manner in the

same direction desires to pass him, he shall turn to the right of the center of the travelled part of the road, if there is sufficient room on that side to enable him to do so with safety, and shall not wilfully obstruct the passage of the rear team upon the other side of the road. (P. S. Ch. 76, Sect. 18.)

Sect. 13. If any person shall violate any of the provisions of either of the two preceding sections he shall be fined not exceeding ten dollars ($10.00) and shall be liable for the damages occasioned thereby. (P. S. Ch. 70, Sect. 19.)

Care in Operating Motor Vehicles

Sect. 14. Every person having control or charge of an automobile or mortorcycle, shall whenever upon any public street or way and approaching any vehicle drawn by a horse or horses or approaching any horse upon which any person is riding, operate, manage, and control such automobile or motorcycle in such a manner as to exercise every reasonable precaution to prevent the frightening of such horse or horses and to insure the safety and protection of any person riding or driving the same and, if such horse or horses appear to be frightened, the person in control of such automobile or mortocycle shall reduce its speed, and if requested by the raising of a hand by the rider or driver of such horse or horses shall not proceed further toward such animal, and in case of extreme fright shall upon request reduce the motor power to full stop. (Extract from Motor Vehicle Law, Sect. 12.)

Sect. 15. Upon approaching any intersecting way or a curve or corner in a way, every person operating a motor vehicle shall slow down and give timely signal with his bell, horn or other device for signalling; provided that in the thickly settled parts of a city or town no bell, horn or other device for signalling shall be sounded so as to make an unreasonable noise, except in the case of fire and police department vehicles; and provided further, that no operator or chauffeur of any motor vehicle shall on any way permit any unreasonable amount of smoke to escape from

said motor vehicle, nor shall any operator or chauffeur on any way permit said motor vehicle to make any unnecessary noise, by cutting out the muffler or otherwise. (Extract from Motor Vehicle Laws, Sect. 12.)

Sect. 16. The driver of any motor vehicle on any highway, approaching a crossing of ways, shall slow down and keep to the right of the intersection of the centers of both ways when turning either to the right or to the left. (Extract from Motor Vehicle Law, Sect. 12.)

Sect. 17. If any person wilfully obstructs a street railway company in the lawful use of its railway tracks in the public highways, or wilfully and maliciously delays passing cars or railway carriages thereon, or aids in and abets such detention or delay, he shall be punished by a fine not exceeding one hundred dollars ($100.00). (Laws of 1895, Ch. 27.)

Sect. 18. The driver of any motor vehicle approaching or passing a car of a street railway which has been stopped to allow passengers to alight or embark, shall slow down such vehicle and if it be necessary for the safety of the public, shall bring such vehicle to a full stop. Upon approaching a pedestrian who is upon a travelled part of a highway and not upon a sidewalk, such vehicle shall be slowed down and timely signal shall be given with his bell, horn or device for signalling. (Extract from Motor Vehicle Law, Sect. 12.)

Sect. 19. It shall be the duty of any person having control or charge of a motor vehicle which is equipped with electric headlights to dim or extinguish such headlights when approaching an electric street railway car or another automobile, whenever there is a reasonable opportunity so to do without danger to himself and the occupants of his motor vehicle. (Extract from Motor Vehicle Law, Sect. 7.)

Penalties for Violation, Etc.

Sect. 20. Unless otherwise provided in the Motor Vehicle or other law of the state, any person convicted of a violation of

any of the foregoing provisions, shall be punished by a fine of not exceding ten dollars ($10.00 for each offense.

Sect. 21. The City Clerk shall cause the provisions of this Ordinance to be published in the Nashua Telegraph and shall cause notice of Sections 1-9 both inclusive, to be conspicuously posted at points, where any way affected hereby joins other ways, in accordance with Sect. 15 of the Motor Vehicle Law of the State.

Sect. 22. The traffic ordinance passed October 26, 1915 is hereby repealed and all ordinances inconsistent herewith are hereby repealed.

Sect. 23. This ordinance shall take effect on its passage.

Passed Sept. 12, 1916.

Approved Sept. 21, 1916.

RESOLUTION

FIXING THE HOUR FOR OPENING POLLING PLACES

That the polling places in the several wards in the city of Nashua shall be opened for the purposes of voting at six (6) o'clock in the forenoon on the day of the general election, Tuesday, November 5, 1916. This action to be in accordance with the provisions of Chapter 73, Section 1 of the Laws of 1913.

Passed October 10, 1916.

Approved October 12, 1916.

RESOLUTION

AUTHORIZING THE LANDS AND BUILDING COMMITTEE TO INVESTIGATE LIGHT AND THE LIGHTING SYSTEM ON THE SECOND FLOOR OF THE CITY HALL.

That the Lands and Building committee investigate the lights and lighting system now used in the second floor of the City Hall.

Said committee shall report any changes or improvements together with estimates of the cost for the same before January 1, 1917.

Passed November 14, 1916.

Approved November 16, 1916.

RESOLUTION

APPROPRIATING MONEY FOR SKATING PLACES

That the sum of one hundred dollars be and hereby is appropriated for the purpose of flooding commons and such other places as may be desired to be used for skating. This money to be taken from any moneys in the treasury not otherwise appropriated and to be expended under the Board of Public Works.

Passed November 28, 1916.

Approved November 30, 1916.

RESOLUTION

APPROPRIATING THE SUM OF EIGHT HUNDRED DOLLARS ($800.) FOR THE PURCHASE AND IMPROVEMENT OF LAND ON PART OF MAIN STREET KNOWN AS THE LOWELL ROAD.

That the sum of Eight hundred ($800.) dollars be and the same is hereby appropriated for the purpose of purchasing and improving land on Main Street on the Lowell road, bounded and described as follows:

Beginning at a point in the easterly line of Main Street thence S. 47° 35' E., a distance of 51.82 feet to a point (said point being directly opposite and fifty feet from a highway stone bound on the westerly side of Main Street, and also on the Meeting House lot so called;) thence to the left by a curve of radius 200.51 feet to a point (said point being directly opposite and fifty feet from a highway stone bound in the westerly line of Main Street and

also on land of Charles E. Smith); thence S 83° 35' E, on a tangent a distance of 51.82 feet; thence back by a curve of Radius 360 feet a distance of 226.2 feet to the point of beginning; said curve being tangent to the two straight sides of the parcel.

Being the same premises described in a deed of Tena B. Welldon to the City of Nashua, dated October 20, 1916, and recorded in the Hillsborough Register of Deeds.

Of which appropriation Four hundred dollars ($400.) shall be used for the purchase and payment of said land, and the balance of said appropriation shall be used for needed improvements thereto.

Passed November 28, 1916.

Approved November 30, 1916.

RESOLUTION

FOR THE ISSUE OF BONDS IN THE AMOUNT OF FOUR THOUSAND FIVE HUNDRED DOLLARS FOR THE COMPLETION AND IMPROVEMENT OF THE QUINCY STREET SCHOOL BUILDING AND PREMISES.

Pursuant to the provisions of the Municipal Bonds Act of 1895 the Treasurer is hereby authorized to issue and sell, under the direction of the Finance Committee, bonds of the City of Nashua in the aggregate principal sum of Four thousand five hundred dollars dated January 1, 1917, payable January 1, 1937, with interest at 4 per centum per annum payable semi-annually. Both the principal and interest shall be payable in the gold coin of the United States of the present standard of weight and fineness at the office of the Treasurer in Nashua, New Hampshire, or at holder's option, at the First National Bank of Boston, in Boston, Massachusetts. Said bonds are to be issued for the purpose of improving the grounds and walks on the premises of the Quincy Street school, the construction of granolithic sidewalks steps and approaches to said building; the installation of lighting fixtures and the wireing of same and other needed and extra e-

quipment and the completion of all inside and outside work therein; and generally to complete and improve the said building and premises suitably for school purposes; and the proceeds of the sale of said bonds are hereby appropriated for the foregoing purposes. The said bonds shall be payable to bearer, shall bear the city seal, and be signed by the mayor and countersigned by the Treasurer.

The coupons shall bear the fac-simile signature of the Treasurer. None of said bonds shall be obligatory without the authenticating certificate of said First National Bank endorsed thereon. A sinking fund for the retirement of said bonds at maturity is hereby created, and to it there shall annually be committed an amount sufficient with its accumulations to retire said bonds at maturity.

Passed December 26, 1916.

Approved December 27, 1916.
